## NEBRASKA DEPARTMENT OF CORRECTIONAL SERVICES

AUGUST 2010

**Director**  
**Nebraska Department of Correctional Services**

**Robert P. Houston**

Director Houston was appointed as Director by Governor Dave Heineman effective March 14, 2005. Immediately preceding his appointment, he was Director of the Douglas County Department of Corrections having served in that position since April 2003. He started his state corrections career in 1974 as a counselor at the Nebraska State Penitentiary. In the years that followed, he held progressively more responsible positions throughout the Agency to include Unit Manager at the Lincoln Correctional Center, Unit Administrator at the Nebraska State Penitentiary, Associate Superintendent at the Omaha Correctional Center, Deputy Warden at the Penitentiary, Warden at three institutions Omaha Correctional Center, Lincoln Correctional Center, and Nebraska Correctional Youth Facility and from September 2002 to April 2003 he served as the Assistant Director for Programs and Community Services. Mr. Houston serves on many boards and committees including the Jail Standards Board, the Crime Commission, the Community Corrections Council, the Capitol Facilities Planning Committee, and the Interstate Compact for Adult Offender Supervision. He is the Co-Founder and Member of the Omaha's Metropolitan Chief's Association, Board President of the UNO/UNL Criminal Justice Education Fund within the University of Nebraska Foundation, past president of the United State's Deputy Warden's Association and the Nebraska Correctional Association. He served both as an auditor for the American Correctional Association (ACA) and as a consultant for the National Institute of Corrections (NIC).

Mr. Houston has a Bachelor of Science in Criminal Justice from the University of Nebraska-Omaha and a Master of Science in Criminal Justice from the University of Nebraska where he served as a part time instructor from 1984 to 2005.

## Director's Perspective

I continue to be very proud to be a member of one of the very best correctional systems in the nation, the Nebraska Department of Correctional Services (NDCS). I present to you this 2010 Annual Report. Whether you are a NDCS staff member, researcher, legislator, student or member of the Nebraska community, please be assured that our Department employs the Nation's finest correctional practitioners to meet difficult challenges. Our rich history extends back to 1851 when we served as the Nebraska Territory Prison. Today, we are the State's largest criminal justice agency. NDCS maintains a firm commitment to provide effective protection for our citizens and high quality operations as was recognized three years ago when our Department received the "Eagle Award". We are now part of the small but elite group of prison systems in the nation that are 100 percent fully accredited by the American Correctional Association.

As our inmate population grew, we responded with two legislative bills that have allowed us to house parole pending inmates at our Work Ethic Camp (WEC) in McCook, Nebraska. We attend to the needs of county jails by providing jail management, leadership, emergency preparedness and assist with medication aide training throughout the year. We engage in strategic planning with Nebraska Probation and the Community Corrections Council to expand community resources and to stem the growth in our inmate population. Our Department is determined to lower the cost of government while protecting the public. We are fully engaged in exploring front-end, in process and back-end solutions to crowding.

Each day we keep inmates engaged in meaningful and fulfilling jobs, programs and activities that contribute directly to our level of safety, security and order. In 2010, we experienced a significant drop in uses of force and assaults by inmates on other inmates and staff. We attribute improved safety to the success of our mental health units and improvements in safety procedures. The hard work and effort by Departmental staff assigned to Cornhusker State Industries (CSI) has increased the number of inmates employed by Industries. Our Department's education program is certified by the Nebraska Department of Education. Programming staff contribute by providing programs and by preparing outstanding volunteers to serve a unique role in support of inmates and the Department. NDCS continues to expand re-entry activities. We have more than doubled the size of our residential treatment for substance abuse. We now have residential mental health units for both male and female inmates.

Our Strategic Master Plan provides a plan for the Agency's future needs. We are confident that Nebraskans are intent on having an even safer state while lessening our reliance on incarceration.

I am very pleased that you are taking the time to study our Department's challenges and accomplishments. Please call me at 402-479-5710 if I can assist in any way.

# Nebraska Department of Correctional Services Annual Cost Report Fiscal Year 2010

The graph below represents an allocation of all expenditures for all budgeted fund types for the Department of Correctional Services for the fiscal year. All direct and indirect expenses are allocated proportionately to the facilities indicated below, except that Education expenses are direct costs at NCYF & NCCW. The cost per inmate represents an average cost per inmate of all general, cash and federal expenditures excluding General Fund Aid & Depreciation & Capital Construction expenditures.

1 includes \$582,980 of expense for State owned vehicles. 2 includes medical, mental health and substance abuse expenditures. 3 includes salaries, benefits and operating of all education programs, allocated to each facility, except that at NCYF they were mostly direct costs. 4 includes indirect expenditures allocated from Central Administration program and all expenditures from the Byrne Grants program. 5. Cost per inmate at WEC calculated based on average number of probationers and inmates times the average length of program, which is five months. Before 2009, counts were based only on admissions, due to the varied lengths of stay. 6. LSO numbers are not included in the total parolee numbers.

These averages can not be used to calculate reductions in inmate populations and corresponding reductions in expenditures. E.g. if you reduced a facility's population by 100, you could not use that facility's average cost per inmate per year times 100 to calculate the estimated reduction in expenditures.

### MISSION STATEMENT

The Mission of the Department of Correctional Services is to serve and protect the public by providing control, humane care, and program opportunities for those individuals placed in its custody and supervision, thereby facilitating their return to society as responsible persons.

## NDCS Ethics

### Nebraska Department of Correctional Services Ethics

We respect and protect the safety and rights of the public we serve.

We respect the importance of all programs/departments, within and outside of the Agency, in order to facilitate good communication and cooperation.

We respect and protect the civil and legal rights of all individuals. We will not use any type of cruel, inhumane or corporal punishment, excessive force or in any way mistreat individuals under the Agency's custody and control.

We preserve the integrity of private information.

We make all appointments, promotions and dismissals in accordance with rules, laws, and merit, rather than the furtherance of personal interest or favoritism.

We promote and contribute to a work place that is safe, healthy, and free of harassment in any form. We will not discriminate against any person because of race, sex, color, religion, ancestry, national origin, disability or age.

We keep conversations with all persons on a professional level at all times. We will not use profane or abusive language toward others. We communicate in a way that promotes respect and maintains satisfactory working relationships.

We will not bring in any type of contraband to an Agency facility/program area.

We will not use personnel, property, resources, or funds other than in accordance with prescribed constitutional, statutory, and regulatory procedure. We will be good stewards of state resources, including efficient use of our work time.

We maintain professional and credible behavior by exemplifying the Agency's Mission Statement and Vision Points.

## NDCS Vision Points

NDCS  
Vision Points

1994-2004

2004-Present

## NDCS Vision Points

The first six vision points identified in 1994 have been incorporated into every facet of the NDCS, and continues to be a vital part of the Agency.

### STAFF DEVELOPMENT AND PERSONAL MASTERY

To recruit and retain, at all levels, individuals diverse in background. To develop and maintain a positive environment and comprehensive training program that will enhance each employee's potential to achieve personal mastery.

### HEALING ENVIRONMENT

NDCS strives to create and maintain an environment in which healing is paramount and inmates are able to acquire necessary skills, education/tools and treatment.

### SHARED VALUES

Recognizing the inherent respect due all persons, the NDCS believes:

- ◆ Staff, volunteers and inmates have value and an opportunity to uniquely contribute to achieving our mission.
- ◆ Achieving our mission depends on teamwork in an environment of openness, inclusion, honesty, integrity and commitment.
- ◆ Leadership is a responsibility shared by all.
- ◆ Everyone has the potential to make positive changes in their attitudes, life skills, and conduct.
- ◆ Each of us should be accountable to ourselves and the public for the effective and efficient use of our time and all available resources to accomplish our mission.
- ◆ We must play an instrumental role in helping the community recognize its responsibility as a partner in achieving our mission.

### CONTINUOUS QUALITY IMPROVEMENT

It is the vision of NDCS to foster the Continuous Quality Improvement journey, thereby creating an environment that is system-centered, which:

- ◆ supports Agency values and mission;
- ◆ opens communication;
- ◆ removes barriers at all levels;
- ◆ creates cooperative partnerships, trust, and respect;
- ◆ fosters ownership, commitment; and
- ◆ recognizes the leader in all of us.

### CREDIBILITY

Proactively increase the NDCS' credibility and support both internally and externally.

### COMMUNITY CORRECTIONS

The NDCS will promote community corrections and alternatives to incarceration. The NDCS will seek partnership with the private sector to create a continuum of sanctions and program opportunities during and subsequent to incarceration to facilitate successful re-entry into society.

- ◆ Create a partnership with private sector – to create work programs and treatment opportunities during and subsequent to incarceration.
- ◆ NDCS will promote community corrections and intermediate sanctions and alternatives to incarceration.

### CREDIBILITY

We commit ourselves to furthering public trust and credibility

### SEAMLESS CRIMINAL JUSTICE SYSTEM

We commit ourselves through collaboration with other entities to create a seamless criminal justice system within a restorative justice framework

### COMMUNITY AWARENESS AND INVOLVEMENT

We commit ourselves to partnering with the community to encourage awareness and involvement toward the successful reintegration of offenders

### BEST PRACTICES

We commit ourselves to identifying and implementing best practices

### FISCAL ACCOUNTABILITY

We commit ourselves to fiscal accountability and cost efficient and effective operations

### OFFENDER ACCOUNTABILITY

We commit ourselves to developing and maintaining environments in which offender accountability will flourish

### FAMILY INVOLVEMENT

We commit ourselves to developing and fostering strategies that allow families an active role in the offenders' incarceration and reintegration

### COMMITMENT TO STAFF

We commit ourselves to partnering with staff who strive to optimize their contribution to our mission and standards

### OFFENDER PROGRAMS

We commit ourselves to creating and sustaining meaningful program opportunities for offenders

### The LCC Mental Health Unit: Best Practices in Action

By Cameron S. White, Ph.D.  
Behavioral Health Administrator

NDCS has a vibrant Behavioral Health section that has evolved over the last several years to be a leader in best practice treatment programs and interventions. Behavioral Health has placed an emphasis on providing treatment services to those with the greatest risks and needs which is consistent with the literature. The primary focus is to provide services to inmates with major mental illness. Other populations that are prioritized for treatment are inmates with a history of violence, those who have committed sexual offenses, and those with substance dependence issues. The ultimate goal is to provide high quality services which address risks and needs and fosters success beyond prison.

One of the most effective initiatives in Behavioral Health has been the expansion of the Mental Health Unit (MHU) at the Lincoln Correctional Center (LCC). In 2006 Mental Health began to systematically focus on inmates with major mental illness. This resulted in new processes to monitor and treat this special population. As part of this focus, the MHU at the Lincoln Correctional Center was expanded and its mission defined as one of providing treatment to high risk high need mentally ill inmates. The intensity of treatment increased with an emphasis on implementing best practice interventions. The goals of the program include helping inmates stabilize by learning about major mental illness and improving coping skills. The best possible mental health treatment occurs when a treatment team philosophy is used and many professionals are involved in the treatment process at the MHU. The LCC MHU has a wide variety of professional disciplines including psychiatry, psychology, social work, nursing, mental health practice, and substance abuse. Another critical focus at the MHU is to provide co-occurring disorder programming. The first fully integrated co-occurring program at NDCS was begun at the LCC MH Unit in 2010. This program, while small, followed the recognized best practice principles of focusing on both mental health and substance abuse issues simultaneously in a structured manner.

Although doubling the capacity of the Unit took a great deal of time and effort; the results have been excellent. For example, a recent review of misconduct report data and assault data indicates that there was a major reduction in these issues when the inmates had transferred to the MHU as compared to the time before they were on the MHU. This clearly shows the value of the MHU and the work being done there.

## **ADMINISTRATIVE SUPPORT**

**Legislative Liaison**

**Planning, Research and Accreditation**

**Organizational Development / Staff Training**

## **NDCS Administrative Support**

**Legal Division**  
**George Green, General Counsel 402-479-5735**

The Legal Division supports all Department of Correctional Services programs and institutions by giving legal advice and representation regarding labor relations, inmate rights, contracts, legislative issues, inmate grievances, transportation orders, or matters involving litigation and the Courts. Legal Division staff work with the Courts, the Nebraska Department of Justice, attorneys, arbitrators, State Senators, the State Claims Board, the Office of Public Counsel, other State Agency officials, and the general public.

The Legal Division provides these services

- ◆ Decides administrative appeals filed by inmates from Institutional Disciplinary Committee decisions
- ◆ Investigates inmate grievances appealed to the Director
- ◆ Represents the Department before the State Claims Board
- ◆ Represents the Department before the Nebraska Equal Opportunity Commission
- ◆ Reviews legislative issues
- ◆ Advises Department staff on legal matters
- ◆ Promulgates rules under the Administrative Procedures Act
- ◆ Facilitates representation of Department staff by the Attorney General
- ◆ Conducts involuntary medication and involuntary transfer hearings for inmates
- ◆ Represents the Department in grievances under the State Personnel Rules or Labor Agreement
- ◆ Prepares and files with the courts transcripts for appeals filed under the Administrative Procedures Act contesting decisions of the Appeals Board
- ◆ Responds to requests for inmate records maintained by the Nebraska Department of Correctional Services
- ◆ Reviews employee discipline recommendations and workplace harassment allegations

### **FY2010 STATISTICS FROM THE LEGAL DIVISION**

- \* 684 inmate appeals of IDC decisions were heard by the Appeals Board.
- \* 27 APA's (litigation filed in District Court under the Administrative Procedures Act) were filed in District Courts.
- \* 983 Step-Two inmate grievances (appeals at the Director's level) were processed.
- \* 189 Tort Claims/Miscellaneous Claims filed by inmates, staff, or members of the public were processed.

**Legislative Coordinator/Public Information Officer**  
**Dawn-Renee Smith 402-479-5713**  
**dawnrenee.smith@nebraska.gov**

The Legislative Coordinator is tasked with coordinating all aspects of the legislative process within the agency. She serves as a point of contact between the Department of Correctional Services, the Governor's Policy Research Office, and the Legislature. The Legislative Coordinator also serves as the Public Information Officer for the Agency and is a member of the agency's executive staff. She reports directly to the agency head.

## NDCS Administrative Support

### PLANNING, RESEARCH AND ACCREDITATION (PRA)

Steve King, Manager 402-479-5767  
steve.king@nebraska.gov

The PRA Section supports all Department of Correctional Services programs and institutions through a number of responsibilities and services. These include: Accreditation, Strategic Planning, Policy, Applications Development, Statistical Reporting and Analysis, Information Assembly, Analysis, and Dissemination, Criminal Information Analysis and Reporting, Departmental Website, Inmate Drug Testing, Performance Based Measures System (PBMS), Key Indicators, and Research.

Planning, Research and Accreditation's efforts have helped guide the Department to become one of only 14 states to have their entire system accredited. This allows NDCS to proudly display ACA's Eagle Award given to each state who has reached this pinnacle of success and dedication. PRA staff and staff from every program and facility worked tirelessly during FY2010 conducting or being part of 14 internal audit teams. During that same time period, ACA sent external auditors in to 6 NDCS facilities with all of them being reaccredited. Finally, PRA and ACA managers successfully worked to identify 70 standards that qualified for Central Office Review thereby significantly saving time at the facility and program level.

PRA managed approximately 215 Administrative Regulations (A.R.'s) and 20 Policy Directives during the past fiscal year. Administrative Regulations and the process that governs their implementation, review, revision, and history are all critical to both accreditation and the smooth operation of the department's institutions and programs.

PRA continues to produce both legislatively mandated reports such as the Department's Annual Report and Statistical Summary, and the Annual Report on the Work Ethic Camp, as well as other reports and information summaries such as, the Monthly Data Sheet, the Annual Recidivism Report, Urine analysis Report, Misconduct Report Data, Population Report, Grievance Report Data, PBMS Related Report Data, Travel Order Statistics, and Facility Month-End Reporting just to name a few. These reports, statistical summaries, and data analysis are critical to good decision-making by both internal and external stakeholders.

On June 23, 2010, the NDCS became the first state in the country to be in 100% compliance with all Performance Based Measures System (PBMS) measures. PRA led the way in the effort by designing, implementing, and coordinating a department-wide effort to ensure compliance. The PBMS measures and the Key Indicators which are derived from these measures provide DCS with key measures/indicators that can be tracked and trended over time. The utility of the measures and indicators will only grow as time passes.

NDCS has also been a pioneer in the use of sophisticated data mining software which was part of a National Institute of Justice 'Data Mining Sharing Initiative Project.' This project has PRA to manipulate large multiple databases of inmate-related information for critical intelligence. PRA now works closely with NDCS investigators and local, regional, and national law enforcement in the sharing of information. The Federal Bureau of Investigation recently released a report on 'White Supremacists in Prison' which acknowledged NDCS' role in identifying four individuals who were involved in an illegal action against federal officials.

Finally, PRA has continued to expand critical application development capabilities on the Corrections Website. In 2009, PRA implemented an automated Misconduct Report and Routing System (MRRS) which tracked the institutional misconduct reports from writing, to hearings, through the Wardens approval process. The automation of this process tremendously enhanced NDCS' ability to glean data concerning the disciplinary process throughout all of the facilities. In addition to the MRRS system, PRA designed and implemented a new visitor tracking system in all facilities. This allowed the Department to track the actual visitors entering the facilities and accounting for the number and duration of visits. Currently, PRA is working on automating the Parole Board Review Process. Automation of this process will result in a significant savings in printing and staff time.

#### **ACCREDITATION**

James Foster 402-479-5810

The Nebraska Department of Correctional Services has been involved in the Accreditation process since 1979. All of the Department state institutions, Central Office, Staff Training Academy and Adult Parole Administration are accredited. After initial accreditation, institutions and programs are audited every three years in an effort to maintain accreditation. Accreditation offers the opportunity to evaluate the Department's operations against national correctional standards, remedy deficiencies, and upgrade the quality of correctional programs and services. Benefits of the accreditation process include improved management and conditions of confinement. Accreditation also increases accountability and enhances public credibility for administrative and line staff. The process provides for a safer and more humane environment for personnel and offenders. This process has assisted the Department by establishing criteria for upgrading programs, personnel and physical plant on a continuing basis.

American Correctional Association is revising all existing standards to facilitate performance measures. The move towards performance measures requires a "fundamental shift in thinking" for the field of corrections. Instead of showing standard compliance through activities or practices, a specified condition will need to be measured and achieved. Performance based standards require corrections to embrace the concepts of Continuous Quality Improvement and challenge the traditional ways of thinking and operating.

Performance based standards will not only affirm that the Department is meeting its mission, but provide a measurement of its efforts. Operational effectiveness and efficiencies will be measured over a three-year accreditation/audit period. The measurements will enable the Department to benchmark services and improve the quality of life for staff, inmates and the public. The Nebraska Department of Correctional Service is proud to be one of an elite group of states that have all their facilities and programs accredited through the American Correctional Association.

#### **POLICY**

James Foster 402-479-5810

The Department's Annual review of two hundred and twenty three (223) Administrative Regulations is coordinated through Planning, Research and Accreditation (PRA). Policy Directives issued from the Director are tracked by PRA for incorporation into Administrative Regulation Policy. PRA maintains the Agency's Administrative Regulation history file and updates Administrative Regulations and Policy Directives on the intra-agency network and the NDCS official web site.

#### APPLICATIONS DEVELOPMENT/STATISTICAL REPORTING

Becki Hickman 402-479-5760 BJ Spring 402-479-5662

During fiscal year 2010, the Nebraska Inmate Case Management System (NICaMS), managed by PRA, continued to expand with the addition of the following: Parole Information Management System (PIMS), Electronic MRRS Appeal System, Electronic Inmate Pass System. The Corrections Inmate Payroll (CIPS) was also implemented by the Accounting department. PRA set up the reporting functions within NICaMS.

New staff are now given access to NICaMS during pre-service at the Staff Training Academy to train on the Misconduct Reporting and Routing System.

PRA continues to provide information/data to other state and federal agencies, the State Legislature, researchers, national surveys and NDCS management staff.

#### CRIMINAL INFORMATION/DRUG TESTING

Jeff Peterson 402-479-5912

Jeff.a.peterson@nebraska.gov

In FY2004, the NDCS was chosen by the National Institute of Justice for a Data Mining Sharing Initiative Project. The goal was to assess, review analytical & presentation software, and review data mining capabilities of intelligence/information data that would assist local and regional law enforcement.

Since then, we have taken various steps to share Intelligence/Information data with local, State, and Federal law enforcement entities. During 2009, NDCS continued sharing Intelligence/Information data with various agencies to better serve the State of Nebraska. This is being done with the Criminal Analyst working closely with the NDCS investigators, continued networking and communication with law enforcement agencies and the sharing of data through the NIJ Data Mining Sharing Initiative Project. NDCS will continue to provide NDCS Intelligence/Information to the users with the greatest need in a timely manner.

#### Drug Testing

The NDCS' Inmate Random Drug Testing Positive Rate decreased for calendar year 2009. A total of 5911 Facility Random Drug Test was submitted with a positive rate of 1.02%. This compares with 1.20% for 2008, 1.27% for 2007 and 1.76% for 2006. NDCS continues to use all drug interdiction tools available to maintain a safe and drug free Department.

The department remains committed to a zero tolerance drug policy.

#### Performance Based Measurement System

BJ Spring 402-479-5662

NDCS continues to support the Association of State Correctional Administrators (ASCA) by inputting statistical data into the Performance Based Measurement System (PBMS). The PBMS systematically collects, manages and shares data across jurisdictions, enabling administrators to identify strengths and weaknesses internally and in comparison with other correctional systems. Its purpose is to develop consistent and meaningful correctional performance measures for adult prisons and community-based programs and to develop an automated system that would enable the collection, management, and sharing of that data – specifically in the areas of Public Safety, Institutional Safety, Mental Health and Substance Abuse, Justice, Academic Education, Health Care, and Offender Profile/Contextual data.

In early 2009, NDCS joined a 3-Year ASCA PBMS Strategic Management group, tasked with planning for improvements and enhancements of the PBMS. In 2009, NDCS continues to redevelop our information gathering practices to incorporate current and future PBMS needs. In the near future, ASCA will add Fiscal and Personnel measures into the PBMS.

### ORGANIZATIONAL DEVELOPMENT

Mikki Kirkpatrick , Organizational Development Manager 402-479-5660

The purpose of Organizational Development is to continue to facilitate a Total Quality approach of organizational transformation at the Nebraska Department of Correctional Services by evaluating current policy and practice.

NDCS continues to work towards an agency-wide transformation in which we shift how we fundamentally think and work together. To date, several integrated initiatives have been designed and implemented to aid in this transformation.

Continuous Quality Improvement (CQI) CQI is a philosophy and strategy for continuously improving performance at every level of the organization and in all areas of responsibility. CQI is a total systems approach that promotes innovation, leadership, creativity and personal mastery. There are several active Quality Councils in the Department and training efforts are continuous. Courses offered include Quality Awareness, Teams, Tools, and Techniques, Meeting Facilitation, Excelling as a First Time Supervisor, and Correctional Leadership I and Advanced Correctional Leadership courses.

Diversity - This initiative was first identified in 1991 and established in 1992 and has involved extensive work including diversity training, a work environment survey, policy revisions, and awareness efforts. In addition, the Department recognized that its strength and its major resource in achieving goals and objectives is the agency's staff. Human relationships provide the cornerstone of all Departmental efforts. Work continues in recruiting, retaining, and training culturally and ethnically diverse staff.

Leadership Program - Beginning in 2006, the Department started putting selected middle level management through a leadership program. This program is a part of the Department's Succession Planning, which includes course curriculum, college courses, job challenges and job shadowing to develop leaders for the future.

# Deputy Directors

**Robin Spindler, Administrative Services**

**Frank X. Hopkins, Institutions**

**Larry Wayne, Programs and Community Services**

**Dr. Randy Kohl, Health Services**

**John McGovern, Cornhusker State Industries**

## Deputy Director of Administrative Services

The Deputy Director of Administrative Services is responsible or the oversight of the following programs and areas:

Budget Administration

Purchasing/Inventory

Accounting and Finance

Information Systems

Engineering

Safety and Sanitation

Accommodations Coordinator

Human Resources

Grants

Victim Assistance Program

Deputy Director Spindler has worked for the Nebraska Department of Correctional Services for over 20 years. She began her correctional career at the Omaha Correctional Center and has worked in various positions since that time.

Deputy Director Spindler has taught classes at Bellevue University and Kaplan University.

Deputy Director Spindler earned a Juris Doctorate in 1984.

She was appointed Deputy Director of Administrative Services in August of 2005

## **NDCS Administrative Services**

### **ACCOMMODATIONS COORDINATOR /VICTIM ASSISTANCE PROGRAM** **Elizabeth Jeanette 402-432-5182**

The Nebraska Department of Correctional Services is committed to ensuring that compliance to all aspects of the Americans With Disabilities Act (ADA) is met. The office of the ADA Coordinator responds to all requests for accommodation/s from NDCS employees, inmates and the public. It is also responsible for the development, review and revision of Departmental policies and procedures to ensure compliance. This Division is responsible for the Return To Work policy which assists employees injured on or off the job, or who have an illness that affects their ability to perform their job, to return to work in a modified status.

The Victim Assistance Program recently began instructing Victim Impact Classes for offenders at the Nebraska Correctional Youth Facility and the Omaha Correctional Center. The underlying goal of these classes is to help offenders develop empathy - making them more in tune to the humanistic harm caused when a crime is committed; thereby, reducing the likelihood of them committing future crimes inside and outside of the correctional facility. The heart of this program is having them listen and interact with victims who have been harmed by crime.

Services provided include:

- Crisis intervention throughout the corrections process, including assisting victims with concerns related to inmates and parolees under Nebraska's jurisdiction;
- Community education about policies and procedures of the Nebraska Department of Correctional Services;
- Assistance preparing for parole hearings;
- Referrals to other state and local community services;
- Explanation and referral for restitution processing assistance; and
- Face-to-face meetings with the offender through Victim Offender Dialogue.

## **FINANCE AND ACCOUNTING** **Inga Hookstra, Controller 402-479-5756**

The Accounting Division has responsibility for all financial and inmate accounting functions for the Nebraska Department of Correctional services. Additionally, the Accounting Division is responsible for establishing uniform accounting practices and procedures within the Department of Correctional Services consistent with state policy and practice, as well as generally accepted accounting principles. The Accounting Division is responsible for providing fiscal support to all programs and facilities within the Department and has the oversight for internal controls.

Financial Accounting functions include both accounts payable and accounts receivable. This includes payments for all goods and services received by the Department regardless of funding source, including verification that all payments are appropriate through the pre-audit process. Accounts Receivable covers all billings both internal and external to state government, including Cornhusker State Industries, Federal Surplus Property, and county safekeepers. Reports from the Enterprise One system are generated and made available to the various staff throughout the Department electronically.

Inmate Accounting provides for a system of accounting for all inmate funds through the Inmate Trust Fund and ledgers maintained in the Correctional Information and Tracking system. The functions include processing transactions related to the various accounts (institutional, confiscated, restitution, maintenance, suspense, savings, and legal) held by inmates; processing inmate payroll (both institutional and private venture); and reporting necessary to inmates, courts, and other authorized entities. Inmate Accounting also receipts, tracks and provides reports on parole programming fees.

The Accounting Division is also responsible for all fiscal reporting on grants and preparing various financial statements, including canteens, Cornhusker State Industries, and Federal Surplus Property. Additionally, claims are audited and processed in accordance with the law for the County Jail Reimbursement aid program. Other areas of responsibility include internal fiscal audits and risk assessment, Internal Control Team, Coordinating external financial audits, coordinating payroll reconciliation and verification, monthly Business Managers' Meetings, and quarterly Canteen Supervisors Meetings.

## **NDCS Administrative Services**

### **BUDGET**

**Kate Morris, Budget Management Analyst 402-479-5702**

The Budget Management Analyst is responsible for planning, organizing, monitoring and reporting the Department's fiscal allocations and fiscal reporting systems. She also analyzes, manages and reviews the preparation, documentation, implementation and control of program budgets including the biennium and deficit budget processes. Fiscal and accounting data are compiled for use in budget evaluation and adjustment, cost analysis, budget projections and reporting. The area of responsibility also includes the fiscal note process.

### **ENGINEERING**

**Doug Hanson, Facilities Engineering Manager 402-479-5742**

The engineering division provides the department with technical and facilities management assistance for construction projects of all sizes, from the preliminary planning stage to completion and readiness for occupancy. The engineering division is responsible for the development and implementation of the capital construction budget and deferred repair program for all state correctional facilities.

Facilities engineering works with the correctional administrators in the planning, design, construction and occupancy of new and remodeled facilities.

Engineering provides technical assistance for utility and energy contracts. The engineering staff provides guidance and technical assistance to the various facilities and programs to manage their maintenance programs. Engineering oversees the maintenance and custodial program (maintenance section) for the central administrative buildings.

The engineering division also has oversight of the safety and sanitation section. The safety and sanitation section is responsible for addressing the safety functions of NDCS, provides periodic inspections of all facilities, and provides assistance in the accreditation process. This section works closely with the state fire marshal's office and other regulatory agencies in the resolution of compliance issues involving all NDCS facilities.

### **SAFETY/SANITATION**

**Steve Vodicka 402-479-5778**

This section is responsible to provide a secure and safe environment for both staff and inmates to realize individual potential. The safety and sanitation functions are accomplished through inspections of all facilities on a periodic basis. Administrative Regulations are developed and revised in order to comply with American Correctional Association (ACA) standards and other state and federal statutes, codes and regulations, Occupational Safety and Health Administration (OSHA) regulations, the National Electrical Code (NEC), and National Fire Protection Association (NFPA) standards. The Safety Coordinator conducts bi-annual Safety Awareness Training for employees, which covers all of the above mentioned regulatory agencies. The Safety Coordinator is a regular member of the NDCS internal auditing team and has responsibility for the Department's asbestos abatement program and environmental monitoring program.

### HUMAN RESOURCES

Marian Layman, Human Resources and Development Administrator 402-479 5752

The Human Resources Section leads the effort in the recruitment and retention of quality staff for the Department of Corrections. These employees are dedicated to protecting the public, and to making a positive difference in the lives of others.

Human Resources staff provide services ranging from payroll administration, job classification, strategic management, and serve as a contact for employees facing illness or injured on the job.

Human Resources serve as consultants to all staff in areas of performance improvement through coaching, counseling, and if necessary, discipline. The main focus is the development of healthy working relationships through conflict resolution and immediate review of workplace allegations, as well as having policies which promote decision making at the lowest possible level.

Human Resources takes pride in keeping staff informed of agency functions like employee award and recognition activities, employee benefit programs, wellness promotions, and much more. This communication is achieved many ways, including: 1) agency email / notification of "Helpful Hints for Employees," and 2) a link to these articles and other key activities posted on the agency web site marked "Employee Information from HR."

Labor Relations is another avenue to retain and recruit quality staff. By use of Interest Based Bargaining in lieu of the traditional position bargaining, the agency created opportunities in solving problems and reaching solutions on issues of most importance to both parties.

With employee recruitment and retention being a shared responsibility, Human Resources partners with other areas of the agency. Examples of partnerships include: succession planning for promoting quality staff under our Annual Roster process; innovative recruitment page on the agency web site, returning employees to work through light duty assignment or ADA accommodations, and recognizing employee's contributions through on-site and agency wide recognition awards for outstanding individual achievement as well as team contributions.

Other services include: pre-employment and random drug testing, employee medical exam process as well as minimum physical standards, review of criminal records checks, and paid internships.

The Nebraska Department of Corrections Human Resources Section is looking towards the future through the establishment of a virtual employee personnel file, a streamlined employment application process, and an expanded Talent Management Software System accessible by all staff.

### **PROCUREMENT**

**Mary Carmichael, Materiel Administrator 402-479-5717**

The Purchasing Section is responsible for procurement of all goods/services, inventory control processes, the operation of Staff Clothing-Issue, and the coordination of form usage within the Agency. The Materiel Administrator is responsible for the review, coordination and approval of all Purchasing functions of the Agency.

Purchasing actively pursues the acquisition of quality products and services at the most economical cost. This is done in part by assuring the accuracy of specifications, competitive bidding, quality control checks of deliverables, utilizing Department of Administrative Services (DAS) commodity contracts, coordinating shared contracts with other State agencies as appropriate, monitoring vendor and contractor performance and by utilizing Cornhusker State Industries as a preferred Agency source. NDCS Purchasing staff is responsible for ensuring products and services are delivered timely and received as ordered. They interact with facility and program staff to assure end-user needs are being met, to address procurement and/or receiving issues and to coordinate completion of Agency service contracts.

Inventory responsibilities include the tracking of all Fixed Assets and the formulation of standardized supply inventory practices throughout the Agency. Inventory actions involving NDCS owned property is monitored and annual reports regarding NDCS Fixed Assets are submitted to DAS as appropriate. The NDCS Materiel Control Manager is responsible for coordinating the motor vehicle needs of all NDCS facilities and programs. This includes monitoring vehicle mileage logs, coordinating movement of vehicles within the Agency, coordinating vehicle repairs, appropriate processing of accident reports and coordination of vehicle purchases/leases.

The NDCS Central Warehouse services all Lincoln facilities. The operation has a dual purpose – to fill facility and program requisitions from stock for standard, frequently used products and to receive all deliveries from outside vendors for each of the NDCS Lincoln locations.

All staff uniforms are issued and tracked through the centralized Clothing Issue operation. Clothing Issue is responsible for both the initial issue to new hires and replacements to existing staff.

### **GRANTS ADMINISTRATION**

**Steve Weis, Federal Aid Administrator III 402-479-5780**

The Federal Aid Administrator III is responsible for coordinating and managing all aspects of the Department's grant activities from federal, state, and other funding sources to support worthy and qualifying projects. He/she is also responsible for providing technical assistance to agency staff on all grant activities including preparation, application, monitoring, and reporting.

Additionally, the Grants Administration section is responsible for reviewing and responding to all sub-grantee applications and inquiries as well as conducting program audits to ensure activities are carried out in a responsible and consistent manner as per grant guidelines. This position works closely with the Accounting Division for fiscal monitoring and reporting on all grants.

## NDCS Administrative Services

### INFORMATION SYSTEMS

Bob Shanahan, Information Services Administrator 402-479-5809

Information Systems (IS) is responsible for providing computer support to all NDCS staff, Cornhusker State Industries (CSI), Federal Surplus Property (FSP) and the staff and members of the Nebraska State Board of Parole. The NDCS computing environment is comprised of approximately 1,750 network connected devices, and several hundred non-network connected devices located at 20 sites across Nebraska. The NDCS computing infrastructure supports the use of this equipment and provides connectivity to a variety of resources, including the State's Mainframe computer, Enterprise One, Nebraska's centralized email service, and other information resources. Information Systems also supports remote access and management of various building automation and security systems along with systems used by inmates in the CSI shops, in educational programs and in the inmate Law Libraries.

Information systems supports and maintains the NDCS computing environment and assists NDCS staff in identifying requirements for application software, systems, and changes in functional requirements. Responsibilities of the Information Systems Department include the installation, repair, ordering and replacement of computer systems and peripherals, maintenance and support of the NDCS network, development and support of computer applications and maintenance of a current inventory of computer equipment and software.

The Diagnostic and Evaluation Center was opened in August of 1979 as a 160-bed, maximum custody, reception, diagnostic, evaluation, assessment, classification and assignment facility.

The single structure, two-story institution consists of nine inmate housing units and an infirmary, which includes eight licensed hospital beds and a fully staffed initial admissions clinic. Administrative offices and the infirmary are located on the upper level of the institution. All other inmate housing, programming areas, a gymnasium and custody and case management offices are located on the lower level.

As provided by State Statute, all adult males sentenced to the Department of Correctional Services by the County and District courts of the State of Nebraska are received into the correctional system at the Diagnostic and Evaluation Center. In addition, the institution houses ninety-day evaluators sentenced by the court for assessment, county safe-keepers, interstate transfers, returned parolees and escapees.

**Programs:** Due to the short length of stay at the institution, there are no industry programs and limited programming.

Each newly admitted inmate, following review of the admission order to ensure legal commitment, begins participation in an intensive medical, psychological and social assessment process. This process culminates in the finalization of an individual classification study and specific programming recommendations to the Classification Officer relative to custody status and institutional placement. Varied program services are offered and encouraged through recreation and library programs. The maintenance of family and community ties is encouraged through the visitation, mail and telephone programs. Religious programming is also available to the inmate population. Other opportunities including Alcoholics Anonymous, and a Pre-Release program are available for inmate participation. The Diagnostic and Evaluation Center has been a part of The Nebraska Department of Correctional Services since 1979.

The Lincoln Correctional Center provides care, custody and programming services to a variety of inmates. Each of the six separate housing units are unique. As an extension of the 16-bed Control Unit, one unit has been modified to be a segregation unit. One unit is designated for the Department's In-Patient Mental Health Program. One unit is designated to house inmates who have been classified to protective custody status. One-half of one unit is designated for the Department's In-Patient Sex Offender Program. The remaining housing units house general population inmates who are primarily younger, first-time offenders. All inmates are provided the opportunity to become involved in academic programs. All general population inmates may participate in academic, institutional maintenance and work programs.

Structure, philosophy and dedicated personnel facilitate cooperation between security staff and other departments. The institution provides a unit management program approach that is responsive to the needs of the inmate population while maintaining a secure environment. Inmate supervision is a responsibility shared by staff at all levels in all departments.

The Nebraska Correctional Center for Women (NCCW) is the only secure correctional facility for adult women in the Nebraska Department of Correctional Services. The facility houses maximum, medium and minimum custody inmates as well as court-ordered evaluators and safe keeper inmates from county jails. The current rated capacity is 275 beds. NCCW has been accredited by the American Correctional Association since 1981.

NCCW began operation in May 1920 through an act of the Nebraska Legislature establishing the "State Reformatory for Women". The original facility included a two story farmhouse that was used as an inmate dormitory and later as the Superintendent's residence. Two additional three-story brick dormitory buildings were added in 1924 and 1926, both of which are still in use today as program areas. In 2004 the facility completed the first half of a \$15 million capital construction project that included the addition of a 76 bed general population living unit, a 15 bed infant nursery unit, a 48 bed residential substance abuse treatment unit, a 15 bed segregation unit, a 30 bed special needs unit, dining room and food preparation area, staff offices, central laundry, warehouse and a new water tower. The second half of the construction project, completed in 2009, included the remodeling of several program areas including medical services, administrative offices and education.

NCCW acts as the diagnostic and evaluation center for all newly committed female inmates. The first 30 days of the inmates' incarceration is in an Orientation program which is segregated from the general prison population. During this program inmates receive medical and mental health evaluations and also learn about the various programming opportunities available to them during their term of incarceration. Each inmate has a personalized classification and programming plan developed to assist her in addressing personal deficiencies. Visiting during the 30 day orientation program is limited to one (1) visit by immediate family members only.

**Parenting Program:** Started in 1974, the Parenting Program at NCCW was the first of its kind in the United States, allowing overnight visits for children. In 1990 extended day visits for children under the age of 18 were started.

In 1994, NCCW implemented another cutting edge mother/child program, a Nursery modeled after the Bedford Hills Correctional Center in New York. The Nursery Program allows mothers to keep their infant child with them on grounds for up to 18 months, with the goal of having mother and child leave together.

The parenting programs include classes and workshops on parenting skills, prenatal care, child development, child health and safety, and improving relationships. Inmates who participate in the Parenting Programs must meet all NCCW eligibility requirements prior to visits or admittance into the Nursery Program.

**Programs:** In-Patient Substance Abuse Program, Out-Patient Substance Abuse, Outpatient Mental Health Programs, General Education (has a state accredited ABE program) and Prison Industries employment. College correspondence courses are also available to the inmate at her expense.

The Nebraska Correctional Youth Facility (NCYF) started to become a reality in 1994 with Legislative Bill 988, which created the Office of Juvenile Services and established the requirement to plan for the construction of a secure Youth Confinement Facility. Subsequently, the facility was transferred to the Nebraska Department of Correctional Services. The NCYF received its first inmates in August 1998. NCYF serves as the reception center for youthful male inmates who are 18 years of age and under. NCYF houses inmates from early adolescence to age 21 years and 10 months. The inmates are introduced to NCYF through its Orientation Program. This 30-day program consists of a functional overview of each department prior to initial classification and appropriate placement into general population. Unit Management, Custody, Mental Health, Substance Abuse and Education Programs focus on the team approach at NCYF. NCYF inmates experience a highly structured routine that emphasizes the ability to transition back into society. Volunteers from the community provide invaluable support for continuation and expansion of the various programs at NCYF.

NCYF offers high school credit courses through the NCYF Community High School program as well as GED coursework. Students can earn a high school diploma or a GED certificate. ABE/Basic literacy classes are provided for students to improve scores in reading, math and/or writing. English as a second language (ESL) is available for students learning the English language.

Life Skills classes, Work Skills and Parenting (Inside Out Dads), are offered to all inmates.

Vocational programs such as the ProStart culinary arts program, Project Greenthumb horticulture program and PAWSitive Outcomes dog training program are available to interested and qualified inmates.

In addition to educational opportunities, Mental Health programming is also available through individual psychotherapy sessions, group psychotherapy courses, Anger Management, Aggression Replacement Therapy, Victim Impact, Crisis Intervention and mood management. Additional groups can be added dependent on the needs of the institution.

Non-residential substance abuse treatment is available and provided for those diagnosed with substance abuse or dependence issues. Treatment focuses on motivating change thru drug/alcohol education. The Intensive Outpatient level encourages personal change thru cognitive restructuring. Required individual counseling also takes place. Relapse prevention focuses on identifying triggers and creating plans for release.

The NCYF has been accredited by the American Correctional Association since August 2000. The accreditation offers NCYF the opportunity to evaluate its operations against national standards, remedy deficiencies, and upgrade the quality of correctional programs and services.

The Nebraska State Penitentiary located in Lincoln is the oldest state correctional facility in Nebraska, opening in 1869. Until after World War I, it was the only adult correctional facility in the state.

During 1980-1981, the existing cellblocks constructed during the second half of the 19th century were replaced by four (later five) modular housing units. A new administrative complex and an EPA approved multi-fuel power plant were also completed at the same time. The administration building includes a 10 bed long-term health care unit and clinic, a food service dining facility and a gymnasium. An existing dormitory building constructed in the 1950's was retained as a minimum/medium security facility and currently houses the Residential Treatment Community for substance abuse offenders. Two new 100 bed dormitory units were opened in 1998. Bed space was subsequently increased in each of these units. A thirty-six bed control unit also built in the 1950's continues in use as a high security segregation facility. The Industries Plant, Laundry and other support buildings were retained from the older facility as well.

The inmate population at the NSP typically consists of 21 years of age and older inmates serving medium to longer sentences.

The Nebraska State Penitentiary uses the Unit Management concept designed to improve control and staff/inmate relationships by dividing the larger institution population into smaller, more manageable groups and to improve and personalize the delivery of rehabilitative services.

**NSP is the site of major components of the Agency's Cornhusker State Industries (CSI) program.**

**Programs:** NSP offers a variety of education/rehabilitation programs designed to enhance an inmate's chances for successful community adjustment upon release. These include Educational/Life Skills and Vocational Programs, Self-Improvement (Residential and Out-patient Substance Abuse Treatment, a comprehensive Mental Health program, Religious Opportunities and Self-Betterment Activities), and Support Services

The Nebraska State Penitentiary has been accredited by the American Correctional Association since 1985

The Omaha Correctional Center (OCC) is a medium/minimum security facility located on a 37-acre site in East Omaha, just south of Eppley Airfield. OCC was opened April 24, 1984, at a total cost of approximately \$17 million. The facility has a current population of approximately 650 adult male inmates.

The facility has a separate administration building as well as an inner complex which includes: four housing units, an indoor/outdoor visiting area, library, religious center, dental and medical area, segregation unit, learning center, central physical plant, laundry, kitchen and dining room, canteen, gymnasium and Cornhusker State Industries shops.

### PROGRAMS

Programming includes: mental health counseling, academic education, vocational training, English as a Second Language (ESL), substance abuse counseling (including residential and non-residential programs), Alcoholics Anonymous, self betterment clubs, Alternatives to Violence Program (AVP), job skills, re-entry, traditional facility work programs, Cornhusker State Industries including Private Venture, and the Canine Program. Volunteers from the community provide a valuable service in assisting in many of the programs.

All inmates at the Tecumseh State Correctional Institution are males adjudicated as adults and classified as medium or maximum custody. The institution has an operational capacity of 978 inmates, which includes 784 general population beds and a 194-bed special management unit for Administrative Segregation, Disciplinary Segregation and Intensive Management inmates. TSCI is the only male facility that houses Intensive Management inmates. Death Row inmates are housed at TSCI; the death penalty is administered at the Nebraska State Penitentiary in Lincoln.

TSCI received its first inmates in December 2001.

## Programs and Services Under Supervision of Deputy Director of Institutions

### RELIGIOUS SERVICES

Joe Baldassano 402-479-5730

The Department provides opportunities for inmates to practice the religion of their choice within the parameters related to the safety, security, and good order of the institution. Maintaining impartiality, consistency and equality for time, space, and resources among all religions is a prime consideration. Each institution assigns a person to coordinate religious activities. Guidance for the implementation of the agency religious program is obtained through the Religion Study Committee (RSC). The assistant to the Deputy Director for institutions is the coordinator for the agency's religious program at the Central Office level, and co-chairs the Religion Study Committee. The Religion Study Committee membership is comprised of the facility religious coordinators and a legal Representative.

### INTERPRETATION/TRANSLATION SERVICES

Robert Madsen 402-471-2861

In 1998, LB 389 appropriated funding to the Department of Correctional Services for four full-time interpreters. Four Spanish and English speaking interpreters were hired to help facilitate oral and written interpretation and translation services to inmates, inmate families and the community regarding matters relative to the Department of Correctional Services. These staff members are assigned by geographic area and travel to each DCS institution/program as needed. The Department's interpreters also make arrangements with community resources, for interpretation and translation services for languages other than Spanish and English.

Since that time (1998) the Interpretation/Translation Division has grown in both scope and complexity requiring a comprehensive, global approach in providing services to the inmate population. Several innovations have been incorporated within the Division that has made interpretation and translation services more accessible to both staff and the inmate client.

Among these innovations was the development of a database of translated documents that staff may access on the Q: drive of their computers, which includes many of the documents that staff make use of in their day to day activities within the institutions. The database has both a public area accessible to all and an interpreter's area that limits access to selected individuals within the Division.

Another document based project that is an ongoing process for the Interpretation staff is the translation and updating of the Administrative Regulations that are available to the inmates in the Inmate Libraries and Resource Centers. The ARs have been translated into Spanish for 2007, 2008, and the 2009-2010 updates are currently in progress. Up to this point we have made these documents available in Spanish-only due to the overwhelming majority of LEP (Limited English Proficient) inmates that speak that language. This project will remain an ongoing one from year to year and the Spanish language documents will be updated to reflect the updates and changes made to the same documents in English each cycle.

The translation of the NDCS Inmate Rules and Regulations Handbook was completed in three languages, after the latest edition in English was made available. This was the first English language update to the Handbook in eight years, since the year 2000. The Interpretation/Translation Division worked diligently to rapidly complete the translation of this important document, not only in Spanish, but in Arabic and Vietnamese as well.

The latest language project (2010) that has been completed by the Division has been the recording of the NDCS Inmate Rules and Regulations Handbook in English, Spanish, and Vietnamese. The rational for having these recordings at the disposal of staff at our various facilities is to provide a way for them to convey these rules and regulations to inmates who may be illiterate in their native language and therefore unable to read a written format document. This project was directed by the Interpreter Supervisor and required the services of three readers, two of which were volunteers from within the NDCS, thereby providing significant savings to the Department. The third reader was contracted from the community for the language of Vietnamese.

It is evident that the Interpretation/Translation Division plays an integral role in the daily operation of the individual facilities and the NDCS as a whole. Since the inauguration of the Interpretation and Translation Division twelve years ago in 1998, the division has developed from a newly formed, relatively unknown area, to an indispensable, completely integrated division that many areas (Medical, Mental Health, Parole Board, Case Management, Drugs and Alcohol, etc.) depend on for interpretive and translation assistance. The Interpretation/Translation Division will continue to provide language support to all areas of the NDCS, focusing on professionalism, quality, and staff development.

### EMERGENCY PREPAREDNESS

Brad Hansen 402-479-5617

Emergency Preparedness is a comprehensive system that requires a continuous commitment to personnel and resources to ensure a systematic approach to responding to emergencies. Key to the success of the Emergency Preparedness Program are the full time staff at the Department level as well as the facility level that ensure the Department's readiness to respond through emergency policy, planning, training, check lists and exercises. Essential to the success of a response to a facility emergency are the specially trained teams. The teams consist of two Department wide teams—Special Operations Response Team (SORT) and the Crisis Negotiation Team (CNT) and the institutional based Correctional Emergency Response Team (CERT).

### INVESTIGATIONS

Brad Hansen 402-479-5617

The Department Investigation program is committed to the investigation and prosecution of all criminal activity by either staff or inmates. The Department has two full time investigators that are law enforcement certified and have the power to arrest and detain. The Department Investigators work closely with the facility staff in developing information and they also work closely with outside agencies, i.e., the Nebraska State Patrol, local law enforcement and County Attorneys.

### DRUG INTERDICTION

Brad Hansen 402-479-5617

The Department has a zero tolerance policy on the use of drugs by inmates and staff. The Drug Interdiction program works toward that goal by employing a multi-faceted approach. The program consists of information gathering and sharing, telephone monitoring, random and targeted urinalysis testing on staff and inmates, K-9 searches and the Drug Offender Classification Program. Note that the Planning and Research division keeps information and data regarding the Department's drug interdiction efforts. Additionally, that section coordinates with lab personnel and generates the lists of inmates to be tested. Please refer to the section in the Annual Report under Drug Testing/Drug Intelligence for further information.

### LEISURE TIME ACTIVITIES

Frank X. Hopkins 402-479-5733

Leisure time activities provide an avenue for self-development by inmates as well as helping create a humane environment. It allows inmates to pursue individual hobbies and develop individual talents. Each institution has qualified staff to supervise recreation activities. These include exercise, athletics, games, music, painting, writing, and handcrafts.

### NDCS SECURITY MANUAL

Helen M. Torres 402-479-5607  
Joe Baldassano 402-479-5730

The Department's Security Manual contains procedures for institution security and control, with detailed instructions for implementing these procedures. The Department Security Administrators as well as the Department Emergency Management Supervisor, the Planning, Research and Accreditation Administrator, the Deputy Directors and the Director review all Security Manual Chapters and Audit Instruments annually. The office of the Deputy Director – Institutions is responsible for updating and maintaining the Security Manual. Additionally, the office of the Deputy Director – Institutions works with the Security Administrators in reviewing the Department's policy directives in order to determine whether immediate revisions to the Security Manual are required. Security Audit Teams conduct security audits of each facility on an annual basis. Along with security audits, security procedure assessments and/or system checks will be completed at each NDCS facility at a minimum of three times per year. The office of the Deputy Director – Institutions is responsible for reviewing security audit, procedure assessment and system check reports and following up as necessary. Additionally, this office maintains records of security audits, procedure assessments, and system checks conducted by the Department.

SECURITY LEVELS

COMMUNITY A AND COMMUNITY B

The Department's community correction facilities in Lincoln and Omaha are designed to provide the initial step that many offenders take in returning to Nebraska's communities. This is accomplished through a graduated release and a systematic decrease in supervision and corresponding increase in responsibility. Inmates nearing release on parole or discharge from sentence are eligible through a classification system to be promoted to community custody status. Inmates on Community A are assigned to a detail within the facility, assignments within other state agencies, or work assignment in the community. Community A inmates are furnished clothes, room and board and a daily wage. Community B inmates participate in the work and education release program. Inmates on work release are employed in the community, receive competitive wages and pay applicable taxes. Inmates on educational release attend local vocational, technical, business colleges and universities. Community B inmates are responsible for their own clothing and personal items and pay room and board costs of \$12.00 per day.

Programs: Work detail, work release, educational release, furloughs, ABE/GED, and substance abuse programming; community activities passes (e.g. recreation, shopping, religious) and other programming (family counseling, mental health, AA/NA) may be arranged through community support programs and agencies.

The Work Release Program has been a part of Nebraska Correctional Services since 1967.

Security Levels  
Community A and Community B

The Community Corrections Center-Omaha is a community based correctional facility that houses male and female inmates who are near the completion of their sentence or pending a parole hearing. Inmates are classified at Community A or B custody levels. Community A custody inmates are assigned to work crews where they work under the close supervision of a DCS staff member or state employee. Work Detail crews provide services that support the facility operation, other NDCS facilities or state agencies. Some of these services include food preparation, gardening, recycling, landscaping, housekeeping and building maintenance. The work detail program develops work ethics and skills that prepare inmates for their transition to work release and the community.

Work Release (Community B custody) inmates are employed in the community and earn a competitive wage. All applicable taxes on wages are paid. In addition to paying \$12 per day in room and board, 5% of net wages are collected for the State Victims Compensation Fund, Reentry Cash Fund and Release Savings.

Educational Release inmates attend local vocation/technical schools, community colleges and universities. They may elect to perform regular work duties or accept part-time employment to pay for their room and board.

**Programs:** Work detail, work release, educational release, furloughs, ABE/GED, and substance abuse programming; individual activities passes (e.g. recreation, shopping, religious) and other programming (i.e. family counseling, mental health, AA/NA) may be arranged through community support programs and agencies. CCC-O (originally OCC-Work Release Unit) has been a part of the Department of Correctional Services since 1971. The current facility was constructed in July of 1985.

### Security Level

Intensive Supervision Probation Offenders  
Minimum B Inmates

The philosophy of the Work Ethic Camp is that the behavior and attitudes reflecting positive work ethics can be learned and transferred to all areas of an individual's life.

The mission of the Work Ethic Camp is to provide an integrated program in partnership with the Probation and Parole Administrations that combines evidence-based practices within a highly structured treatment environment.

The Work Ethic Camp offers a 180-day, five phase program. Probation offenders must have been convicted as an adult of a felony offense to be eligible for the WEC program. Inmates must be in a parole pending status or assigned to the Work Ethic Camp through the classification process. Completion of the program can be achieved as early as 150 days if earned through positive program progress and behavior.

Probation offenders and inmates perform community service work on and off-site for local and area government and non-profit entities. Their performance and behavior is evaluated once each phase as a minimum.

Each offender/inmate will receive an individualized program and case plan. Programs include: GED/ABE, short-term residential substance abuse treatment, cognitive restructuring, life skills, work attitudes and behaviors, budgeting, offense cycle, victim impact, parenting and vocational programming. Specialized programs that may be earned through positive program progress and behavior include the Rewards and Trust Programs. Approved visitors may visit one time each week and phone calls are allowed through the Inmate Calling System at fifteen minutes per day. All clothing is provided for offenders/inmates. Hygiene products and canteen products can be purchased once a week. Upon completion of the program, probation offenders will be released on intensive supervision probation. Inmates in a parole pending status will be released on parole supervision. Those inmates assigned to WEC through classification, will be transferred to a community center upon completion of the program.

The Office of Adult Parole Administration was established by an act of legislation in 1969 as a program under the Department of Correctional Services. Adult Parole Administration provides supervision, guidance and assistance to offenders paroled by the Board of Parole as they re-enter the community after a period of incarceration. In 2006 Adult Parole Administration began providing lifetime supervision of certain sex offenders released to the community. There are adult parole offices located in Omaha, Lincoln, Norfolk, Grand Island, North Platte, McCook and Scottsbluff to provide supervision and surveillance of parolees and sex offenders across the state. Adult parole officers work closely with local law enforcement, probation officers, community service providers and members of the community to enable paroled offenders and high risk sex offenders to become law-abiding, productive members of society.

## NDCS Programs and Community Services

Classification and Records Administrator  
Kyle Poppert 402-479-5750

Upon admission to the Nebraska Department of Corrections, the Records Office of the receiving facility (Diagnostic & Evaluation Center for men, the Nebraska Correctional Center for Women or the Nebraska Correctional Youth Facility for male youth adjudicated as adults) creates an "institution" inmate file. This file is maintained on active status throughout the entire period of incarceration. Upon discharge, the file is transferred to the Central Records Office for permanent storage and microfilming in compliance with the Department's Records Retention Schedule.

Per Nebraska Revised Statute 83-178, the contents of the inmate file are confidential. However, limited information is a matter of public record and may be released to the public upon request. Public Information concerning inmates is also available through the Department's Web Site:<http://www.corrections.nebraska.gov/>

Along with the "institution" inmate file, a Central Records Office Inmate file is also created in accordance with Nebraska Revised Statute 83-1,100. This file is similar to the "institution" file and is also confidential in accordance with the Statutes cited herein. The Board of Parole and its staff use this file to assist in carrying out the duties of that agency. The Central Office Departmental staff also uses this file to assist them in the routine decision making functions of those positions.

Along with the "hard copy" inmate file, automated inmate records are maintained on several computer applications. The data maintained on these computerized systems also fall under the guidelines of the confidentiality statutes cited above.

### INMATE CLASSIFICATION

Inmate classification throughout the Department is a validated system for identifying inmates' risk, needs, characteristics and matching them with the appropriate physical security, supervision and programming. This is an ongoing, systematic process, utilizing all available information and endeavoring to base decisions on evidence based criteria. The classification system seeks to: assign each inmate to the least restrictive environment appropriate to maintaining public safety and confidence; facilitate the timely movement of inmates through the correctional system; provide for the assignment, continuation and removal of inmates from Administrative Segregation status; identify inmate's risk and needs making program recommendations to address those factors; prioritize access to resources such as programming; and assure the most difficult classification decisions are made at the highest level of authority within the Department.

**PROGRAMS ADMINISTRATOR**  
Layne Gissler 402-479-5723

### INTERSTATE CORRECTIONS COMPACT

Under the provisions of the Interstate Corrections Compact, the Nebraska Department of Correctional Services has entered into agreements with forty (40) other states.

This provides Nebraska inmates the opportunity to request to serve their Nebraska sentence in one of those states. Reciprocal inmates from other states may then be accepted in return.

Interstate transfers may be approved for a number of reasons, but are generally arranged to enable an inmate to be closer to family and maintain family ties. As of June 30, 2010, there were 22 Nebraska inmates serving their sentences in other states, and 20 inmates from other states serving their sentences in Nebraska.

### EDUCATION

The Department implemented a self operating special purpose school district effective January, 2008. This has been a successful transition. All educational programming is provided by NDCS. Instruction is made available to inmates at a time when the majority can take advantage of the programs and, whenever possible, are designed to allow inmates to enter at any time and to proceed at a self-paced rate.

Education services are typically delivered through a Learning Center which is staffed by teachers who are certified by the Nebraska Department of Education. Educational staff work together as a team to provide an integrated program of educational offerings and services designed to provide individual inmates those specific educational opportunities most used and relevant to their futures. These options include assessment, literacy instruction, English as a Second Language (ESL), Adult Basic Education/General Education Development (ABE/GED) and life skills/pre-release courses. Offerings are delivered in a variety of formats including traditional classroom lecture/discussion, individualized computer-assisted learning, individualized tutoring. The Test of Adult Basic Education (TABE) is used to test achievement levels of inmates upon entry into the ABE/GED program, enabling staff to provide appropriate placement, and periodically on an individual basis to assess progress. The BEST test is used to assess ESL students

### SELF-BETTERMENT GROUPS

Opportunities for self-betterment are available to inmates, but vary depending upon the institution. Clubs, support groups, and cultural awareness organizations include: Sertoma, Toastmasters, Stamp Club, Veterans, Alcoholics Anonymous, Narcotics Anonymous, 7<sup>th</sup> Step (a release preparation group), Harambee (African Americans), Mexican Awareness Through Association (MATA), and Native American Spiritual and Cultural Association (NASCA).

### VOLUNTEER SERVICES

Volunteers assist in providing a variety of services to inmates through clubs, education, religious activities, and self-betterment groups. Additionally, a large number of inmates' family members and friends offer their time sponsoring inmates on furloughs and passes into the community.

### LIBRARY SERVICES

The Nebraska Department of Correctional Services maintains eight correctional libraries. Library services are available to all inmates and assist in meeting their educational, recreational and therapeutic needs. Inmates may request books and other resources from the interlibrary loan program. Additionally, computer reference centers are available as well as online or CD-Rom based legal resources.

To ensure compliance, law library services provide inmate access to the courts. Services are available on a daily basis, including evenings and weekends.

## NDCS Programs and Community Services

### Reentry Program

Utilizing a comprehensive form of case management, NDCS focuses on issues including substance abuse, mental health, housing, employment, education, mentoring, transportation, criminal thinking, and parenting/family reunification needs. We partner with community-based service providers including the Health and Human Services System, the Department of Labor, along with faith-based prison ministries and other social service entities. NDCS partnered with Christian Heritage and secured a grant from the National Fatherhood Initiative to facilitate the successful family reunification program, InsideOut Dads, within our facilities. Additionally, through collaboration with Heartland Reentry Aftercare, inmates who are transitioning back into the community are partnered with a support group to help them be successful in the community. Successful reintegration of offenders back into society is our objective. NDCS believes forging these partnerships with the community best serves the interest of all Nebraskans.

#### INMATE RISK & NEEDS ASSESSMENTS

Currently the Nebraska Department of Correctional Services utilizes four Risk & Needs Assessment instruments.

##### **Institutional Community**

identifies appropriate inmates for the Reentry Program, provides information to the Parole Board for consideration prior to being placed on parole.

##### **Community re-assessments**

provides information to Adult Parole Administration while an inmate is participating on parole.

##### **Aggression / Vulnerable**

identifies inmates who may be a risk to other inmates or staff and those inmates who may be at risk from other inmates.

These assessment instruments are valuable in aiding staff in appropriate identification for program and parole participation, institutional security risk and discharge planning.

### Inmate Transportation & Extradition Terry Ewing, Administrator 402-479-5705

The Special Services Unit was established in 1983. At that time primary duties were to return Parole Absconders and Escapees to the institution. Over the years the duties have expanded to include Detainers, Warrants of Arrest, Prisoner Transportation, Inmate Calling System, Teletype Services, Coordination of Court Transport Orders Acquisition of Radio Equipment and Radio Communication Licensing. In addition to the Department of Correctional Services duties, the Special Services Unit provides administrative support to the Governor's Office in reviewing and processing Governor's Warrants in the requisition of wanted fugitives.

#### TRANSPORTATION

The Transportation Unit employs three Warrant and Extradition Officers who work closely with local, state and federal agencies. Their duties include the return of Escapees, Parole Absconders and Parole Violators, Interstate Transfers of Inmates, Institutional Transfers, Transporting Parolees for Revocation Hearings, Detainer Service, Waivers of Extradition, and notification of inmate release dates to agencies who have lodged detainers.

#### DETAINERS/WARRANTS/TRIAL REQUESTS

The Special Services Unit administrator serves as the central administrator acting under the supervision of the department director in implementing the Interstate Agreement on Detainers (IAD). The IAD is a compact comprising of 48 states, the District of Columbia and the United States government. It provides for the administrative transfer of prisoners who are wanted by other states for disposition of untried criminal charges. Within the State of Nebraska, disposition of untried charges pending in county and local jurisdictions is handled according to procedures similar to those contained in the IAD. The purpose of the IAD and the intrastate Disposition of Untried Charges is to provide a process by which prisoners and prosecutors may initiate steps to resolve outstanding criminal charges. Provisions for speedy disposition help to alleviate uncertainties that slow programming and rehabilitative opportunities for prisoners within the correctional system.

### Educational Programming

The Nebraska Department of Correctional Services offers educational programming at each correctional site based on the specific needs of the population and availability of space at that site.

NDCS strives for a teacher/student ratio of one teacher for every fifteen students. Most sites offer Job Skills, Parenting, Life Skills, Adult Basic and Secondary Education (ABE/ASE), English as a Second Language (ESL), and correspondence study. In all facilities the GED test is used as a vehicle for adult students to earn a Nebraska High School Diploma. A full high school program is available at NCYF and at other facilities for inmates under the age of 21 who can realistically earn a NCYF Community High School diploma.

## Deputy Director of Health Services

The Deputy Director of Health Services is responsible for the oversight of the following areas.

Medical and Dental Services

Mental Health

Substance Abuse

Deputy Director Randy Kohl joined the Nebraska Dept. of Correctional Services in Oct. 2001

Deputy Director Kohl received his MD from UNMC and is residency trained in Family Medicine.

### A. DESCRIPTION OF ACTIVITIES

Health Services are provided at the Nebraska Department of Correctional Services (NDCS) adult facilities for all inmates under the jurisdiction of NDCS. The mission of Health Services is to ensure that all inmates receive services designed to maintain good health. This is accomplished by providing a wide range of health services including mental health and substance abuse services. Due to the nature of the health care delivery system, medical staff provides inpatient and outpatient services through an integrated medical, mental health, psychiatry and substance abuse team approach.

The NDCS has three hospitals located at the following institutions: Nebraska State Penitentiary – twelve (12) beds; Diagnostic and Evaluation Center – eight (8) beds and the Tecumseh State Correctional Institution (TSCI) – ten (10) beds. In addition, the NDCS has medical clinics located at the following institutions: Nebraska State Penitentiary (NSP), Diagnostic & Evaluation Center (DEC), Tecumseh State Correctional Institution (TSCI), Lincoln Correctional Center (LCC), Omaha Correctional Center (OCC), Community Correction Center-Omaha (CCC-O), Community Corrections Center-Lincoln (CCC-L), Nebraska Correctional Center for Women (NCCW), Nebraska Correctional Youth Facility (NCYF) and Work Ethic Camp (WEC). All hospitals are licensed by the Department of Health and Human Services and fully comply with all requirements imposed by that department.

### Mission

*The Health Services Department of the Nebraska Department of Correctional Services provides humane, comprehensive, and integrated health care; including program opportunities consistent with the standards of quality and scope of services found in the community to promote the health and well being of those individuals placed in our custody.*

### Vision

The Health Services Department strives to continually improve the health of the individual placed in our custody by developing integrated delivery systems that efficiently provide a continuum of needed, accessible and quality health services.

### NDCS INSTITUTIONAL PROGRAMS AND SERVICES BEHAVIORAL HEALTH PROGRAMMING/SERVICES

#### Behavioral Health

NDCS Behavioral Health emphasizes treatment services for high risk, high need populations. The primary focus of Behavioral Health is to provide services to inmates with major mental illness. Other priority populations include violent offenders, sex offenders, and offenders with substance use disorders. Clinical review teams make specific recommendations for treatment interventions for these core groups. Social work staff provide discharge planning services to the core populations.

#### Mental Health Services:

Mental Health offers a wide range of services and programs to address the mental health needs of high risk offenders with an emphasis on those with major mental illness. The services include assessment and evaluation, residential and outpatient treatment programs, and crisis intervention.

#### Residential Programs:

The Mental Health Unit (MHU) provides residential treatment services to inmates with major mental illness or severe social/developmental impairment. Program goals include learning about and coping with major mental illness or social deficits and improving coping skills with the goal of transitioning to general population and ultimately the community. The length of this program varies depending on needs and progress in treatment. The Mental Health Co-Occurring Program (COP) is a residential substance abuse treatment component developed over the past year and is offered within the MHU.

The Inpatient Healthy Lives Program (IHeLP) provides treatment to inmates who are at the highest risk for sexual re-offense. The program uses materials and assignments in a group therapy setting. This is an intensive 24 month program, though individual treatment time varies based on the needs and progress in treatment.

#### Outpatient Treatment Services:

Anger-Violence Programming – Programming is offered to high risk inmates with a history of violence. Programming includes anger management which provides instruction and practice on basic anger control strategies. The Violence Reduction Program (VRP) is an empirically validated approach to intervening with higher risk instrumentally violent offenders. This program also has some residential components as all the offenders involved in the program live on one unit.

Outpatient Healthy Lives Program (oHeLP) – Treatment is offered to those inmates who are assessed to be at a moderate to moderate-high risk to sexually reoffend. Participants in oHeLP work through materials and assignments in group therapy. oHeLP takes about one year to complete.

Bibliotherapy Healthy Lives Program (bHeLP) – Treatment is offered to those inmates assessed to be at low risk to sexually reoffend, relative to other sex offenders. Participants in bHeLP work at their own pace on materials provided by the therapist. bHeLP takes several months to complete.

Continuing Care – Continuing Care is for those individuals who have successfully progressed through their recommended sex offender treatment program. People in the Continuing Care program work in a group setting with peers and therapists to address treatment needs as they arise.

Psychological Services- Psychological evaluations are completed based on Unit Staff or Parole Board referral.

PREA-Related Services-Mental Health Staff assist with the provision of assessment and treatment services for offenders identified as a high risk for predatory behaviors and offenders who are at risk for victimization.

Other Services- Crisis management services are also available as needed.

### Substance Abuse Services:

Substance abuse offers a wide range of treatment services to address the needs of offenders who have substance abuse or substance dependence issues. Services include residential and non-residential treatment and assessment of substance-related problems. Substance abuse recently expanded its long-term residential treatment beds from 236 to approximately 440.

### Residential Programs:

NDCS maintains over 564 residential treatment beds at 5 separate facilities at this time. Inmates assigned to these programs have been identified as having serious substance abuse issues. The residential program generally lasts about 10 months. Short-term residential treatment is also offered at one facility.

### Non-residential Programs:

This service is available for offenders who are not eligible for the residential program who have lower level substance abuse issues and is available at 3 facilities. The program lasts up to 6 months.

### Psychiatric Services:

Psychiatry services are offered to provide pharmacological treatment to inmates with mental illness. All of the institutions are served by staff psychiatrists, mid-level psychiatric providers, or consulting psychiatrists who prescribe and manage psychiatric medications.

### **CSI—WE BUILD OPPORTUNITY**

In FY2009, CSI completed initial phases of architectural design for the construction of new production buildings at OCC and TSCI. The expansion of these facilities will help CSI position itself to meet the challenges of future economic trends. CSI is also fortunate to be able to take advantage of the significant construction discounts offered by the current economic climate estimated at 20%. The expansion plans will help CSI offer more diversity in product lines such as park furniture and accessories; provide additional products and services to the department including canteen bags, sweats and foot lockers; and continue to pursue PIECP opportunities to provide real world working experience to a larger number of inmates. CSI employed an average of 554 inmates in FY2009 within traditional shops and private venture operations resulting in approximately 745,000 hours of inmate labor. Private venture contributions returned to the community in the form of state and local taxes, victim reparations, inmate room and board, family support, and release savings of almost \$498,000 in FY2009. CSI also processed nearly 6.5 million pounds of laundry for tax supported and non-profit end users.

As CSI entered FY2010, operations exploded with activity as production ran at full capacity in all four wood shops to keep up with the orders of a single customer; the Elmwood-Murdock Public School District. They placed furniture orders that exceeded \$500,000 to remodel their entire high school and elementary school campuses. It proved to be the largest single furniture order in CSI history. In addition, CSI broke ground at OCC for building expansion that is expected to be completed by the spring of 2010. At that time, ground breaking is anticipated to take place at TSCI for a similar expansion. In December 2009, our Digital License Plate shop began production for the roll out of the new 2011 plate designs that will replace the 2005 series plates on all motor vehicles registered in Nebraska. We expect to produce approximately 1.5 million plates in FY 2010 to be ready for the 01/01/2011 initial issue date. We anticipate that we will produce an additional 2 million plates throughout FY 2011 and in excess of 6 million plates over the entire 6-year cycle period.

This past summer, CSI was finally able to see efforts to offer medical transcription services come to fruition as the NCCW Data Entry Shop developed a partnership with the Beatrice State Development Center to provide transcription services. This new business effort promises to be an ever expanding service line for CSI into the future. As the calendar year ended, CSI added two additional work crew details that have been assigned to the Nebraska State Office Building. They will provide cleaning services at a great savings to the State.

CSI looks forward to partnering with the University of Nebraska-Lincoln on two important projects in the summer of 2010. The National Special Olympics are being hosted at the UNL campus in July. CSI will provide laundry services for the Special Olympics as well as the laundry for all of the traditional UNL summer programs. In addition, the NU Athletic department has contracted with CSI to manufacture 18,000 new portable stadium seats for Memorial Stadium that will attach to the bench seating throughout the stadium. These are scheduled to be produced & delivered in time for the first home game of the fall football season.

To further enhance the image of CSI to the expanding and varied customer base, staff and inmates installed new carpet throughout the Administration building. The large conference room continues to attract increasing interest and is being widely used as a multi-agency resource featuring fine CSI products throughout.

### **Federal Surplus Property Brad Frandsen, Manager**

Federal Surplus Property's (FSP) purpose is to screen, receive, and distribute surplus property to eligible state and local government subdivisions and certain non-profit agencies. The FSP Manager is appointed by the Governor of the State of Nebraska to administer and coordinate the transfer of excess federal property to Law Enforcement Agencies within the State of Nebraska. Service charges received from eligible donees and Law Enforcement Agencies (LEA's) make FSP self-supporting through its revolving fund, while still providing significant tax savings to the donees & LEA's.

The Nebraska Department of Correctional Services, through Cornhusker State Industries (CSI), operates the agency's program.
