**Director**  
**Nebraska Department of Correctional Services**

**Robert P. Houston**

Director Houston was appointed to this position by Governor Dave Heineman on March 14, 2005. Immediately preceding his appointment, he was Director of the Douglas County Department of Corrections having served in that position since April 2003. He started his state corrections career in 1974 as a counselor at the Nebraska State Penitentiary. In the years that followed, he held progressively more responsible positions throughout the Agency to include Unit Manager at the Lincoln Correctional Center, Unit Administrator at the Nebraska State Penitentiary, Associate Superintendent at the Omaha Correctional Center, Deputy Warden at the Penitentiary, Warden at three institutions Omaha Correctional Center, Lincoln Correctional Center, and Nebraska Correctional Youth Facility and from September 2002 to April 2003 he served as the Assistant Director of Programs and Community Services. Mr. Houston serves on many boards and committees such as the Jail Standards Board, the Crime Commission, the Community Corrections Council, the Capitol Facilities Planning Committee, and the Interstate Compact for Adult Offender Supervision. He is the Co-Founder and Member of the Omaha's Metropolitan Chief's Association, Board President of the UNO/UNL Criminal Justice Education Fund within the University of Nebraska Foundation, past president of the United State's Deputy Warden's Association and the Nebraska Correctional Association.

Mr. Houston has a Bachelor of Science in Criminal Justice from the University of Nebraska-Omaha and a Master of Science in Criminal Justice from the University of Nebraska.

## Director's Forward

I continue to be very proud to be a member of one of the very best correctional systems in the nation, the Nebraska Department of Correctional Services (NDCS). I present to you this 2007 Annual Report. Whether you are a NDCS staff member, researcher, legislator, student or member of the Nebraska community, please be assured that our Department employs the Nation's finest correctional practitioners to meet difficult challenges. Our rich history extends back to 1851 when we served as the Nebraska Territory Prison. Today, we are the State's largest criminal justice agency. NDCS maintains a firm commitment to providing effective protection for our citizens and high quality operations as was recognized this summer when our Department received the "Eagle Award". We are now part of the elite group of thirteen prison systems in the nation that are 100% fully accredited by the American Correctional Association.

As our inmate population continues to grow, we respond with careful planning and research to determine future needs. We also attend to the needs of others such as county jails by providing jail management and medication aide training throughout the year. We are engaged in strategic planning with Nebraska Probation to expand community resources while reducing or stemming growth in our inmate population. Our Department is focused on lowering the cost of government. We are fully engaged in exploring front-end, in process and back-end solutions to crowding. During the past eighteen months we have witnessed a two percent decrease in our incarcerated population while our parole count reaches historically high numbers.

In 2006, we dramatically increased the number of inmates at our community correction centers. We lowered inmate's custody levels while increasing protection for the public. This action has increased inmate optimism and decreased tension and future costs. Further, we have had no significant increase in crowding in our facilities with high-risk inmates during the past year and a half.

By keeping inmates engaged with meaningful and fulfilling jobs, programs and activities contribute directly to our level of safety, security, and order. The hard work and effort by Departmental staff assigned to Cornhusker State Industries (CSI) has increased the number of inmates employed by Industries. Programming staff contributes by preparing outstanding volunteers to serve a unique role in support of inmates and the Department. NDCS has implemented and will continue to expand re-entry activities, increase residential treatment for substance abuse, develop a mental health unit, and grow the number of manufacturing jobs by adding industry space in our facilities.

Our Strategic Master Plan provides a plan for the Agency's future needs. Our plan is designed to only seek facility capacity increases when, after alternatives are exhausted, capacity increase becomes necessary. Our Health Services Division, with assistance from the National Institute of Corrections, has redesigned our delivery of services by concentrating on high-risk and mentally ill inmates. In early 2008, we will open our mental health unit at the Lincoln Correctional Center. This unit will work in a very coordinated way with our administrative confinement units and our newly developed transition unit/program.

I am very pleased that you are taking the time to study this aspect of our Department's challenges and accomplishments. Please call me at 402/479-5710 if I can assist in any way.

1. includes \$591,156 of expense for State owned vehicles
2. includes medical, mental health and substance abuse expenditures
3. includes indirect expenditures allocated from Central Administration program and all expenditures from the Byrne Grants program
4. includes cost per day/year calculated using number of FY 2007 admissions of 215, other programs calculated using average daily inmate population

These averages can not be used to calculate reductions in inmate populations and corresponding reductions in expenditures. E.g. if you reduced a facility's population by 100, you could not use that facility's average cost per inmate per year times 100 to calculate the estimated reduction in expenditures

## Employee Awards-2007

Governor Dave Heineman honored 38 employees for individual and team awards at the Nebraska Department of Correctional Services' 2007 Annual Awards Ceremony held on September 21, 2007, at the State Capitol.

The **Managers of the Year** went to Jay Miller, Michele Hillman, Brad McConnell, Curtis Moffat, Tim Siemek, Paul Turgeon, Doris DeSutter and Rick McNeese.

The **Process Action Team Award** went to Linda Bos, Stella Dargeloh, Kim Franssen, Betty Gergen, Cathy-Gibson-Beltz, Ava Huber, Dallen Johnsen, John McGovern, Robert McPherson, Steve Ruiz, Ken Schmidt, Liz Stanosheck, Nancy Vossler, Steve Weis

The **Employee of the Year** awards went to Jeanette Emert, Michael Chulufas, Angela Folts-Oberle, James Jansen, Shea Pence, Paul Wood, Lorna Ellinger, and Beverlee Linder.

The **Team Award** went to Sara Flynn, Joel Fralin, Ross Pettinger and Phil Rabstajnek.

The **Individual Awards** went to Laura Farris, Leadership Award, Marica Owens, Community Service Award, Terry Ricketts, In The Line of Duty Award, and Jennifer Barid received the Outstanding Ambassador Award,

# Deputy Directors

**Frank X. Hopkins , Institutions**

**Robin Spindler, Administrative Services**

**Larry Wayne, Programs and Community Services**

## Deputy Director of Institutions

The Deputy Director of Institutions is responsible for the oversight of the following institutions and areas:

Diagnostic and Evaluation Center

Lincoln Correctional Center

Nebraska Correctional Center for Women

Nebraska Correctional Youth Facility

Nebraska State Penitentiary

Omaha Correctional Center

Tecumseh State Correctional Institution

Emergency Preparedness

Investigations

Drug Interdiction

Interpretation/Translation Services

Religious Services (Dual Supervision)

Deputy Director Hopkins has held a number of positions in the Department of Correctional Services, including Warden of the Nebraska State Penitentiary for nine years.

He has taught classes at Wesleyan University and earned a Masters degree in Criminal Justice in 1980.

Deputy Director Hopkins was appointed Deputy Director - Institutions, effective October 4, 1999.

## Deputy Director of Administrative Services

The Deputy Director of Administrative Services is responsible or the oversight of the following programs and areas:

Budget Administration

Purchasing/Inventory

Accounting and Finance

Information Systems

Engineering

Safety and Sanitation

Accommodations Coordinator

Human Resources

Grants

Deputy Director Spindler has worked for the Nebraska Department of Correctional Services for over 15 years. She began her correctional career at the Omaha Correctional Center and has worked in various positions since that time.

Deputy Director Spindler has taught classes at Bellevue University and Kaplan University.

Deputy Director Spindler earned a Juris Doctorate in 1984.

She was appointed Deputy Director of Administrative Services in August of 2005

## Deputy Director of Programs and Community Services

The Deputy Director of Programs and Community Services is responsible for the oversight of the following institutions and areas.

Community Corrections Center-Lincoln

Community Corrections Center-Omaha

Work Ethic Camp

Adult Parole Administration

Central Records

Victim Assistance Program

Classification

Corrections Compact

Education

Library-Recreation & Law

Religious Services (Dual Supervision)

Deputy Director Wayne has worked for the Nebraska Department of Correctional Services for 30 years.

He has worked in various capacities within the Department and served as Warden ten years at the Nebraska Correctional Center for Women and three years at the Diagnostic and Evaluation Center.

He was appointed Deputy Director of Programs and Community Services in September of 2003.

# Nebraska Department of Correctional Services

## Ethics

We respect and protect the safety and rights of the public we serve.

We respect the importance of all programs/departments, within and outside of the Agency, in order to facilitate good communication and cooperation.

We respect and protect the civil and legal rights of all individuals. We will not use any type of cruel, inhumane or corporal punishment, excessive force or in any way mistreat individuals under the Agency's custody and control.

We preserve the integrity of private information.

We make all appointments, promotions and dismissals in accordance with rules, laws, and merit, rather than the furtherance of personal interest or favoritism.

We promote and contribute to a work place that is safe, healthy, and free of harassment in any form. We will not discriminate against any person because of race, sex, color, religion, ancestry, national origin, disability or age.

We keep conversations with all persons on a professional level at all times. We will not use profane or abusive language toward others. We communicate in a way that promotes respect and maintains satisfactory working relationships.

We will not bring in any type of contraband to an Agency facility/program area.

We will not use personnel, property, resources, or funds other than in accordance with prescribed constitutional, statutory, and regulatory procedure. We will be good stewards of state resources, including efficient use of our work time.

We maintain professional and credible behavior by exemplifying the Agency's Mission Statement and Vision Points.

**NDCS  
Vision Points  
1994-2004  
2004-Present**

## NDCS Vision Points

The first six vision points identified in 1994 have been incorporated into every facet of the NDCS, and continues to be a vital part of the Agency.

### STAFF DEVELOPMENT AND PERSONAL MASTERY

To recruit and retain, at all levels, individuals diverse in background. To develop and maintain a positive environment and comprehensive training program that will enhance each employee's potential to achieve personal mastery.

### HEALING ENVIRONMENT

NDCS strives to create and maintain an environment in which healing is paramount and inmates are able to acquire necessary skills, education/tools and treatment.

### SHARED VALUES

Recognizing the inherent respect due all persons, the Nebraska Department of Correctional Services believes:

- ◆ Staff, volunteers and inmates have value and an opportunity to uniquely contribute to achieving our mission.
- ◆ Achieving our mission depends on teamwork in an environment of openness, inclusion, honesty, integrity and commitment.
- ◆ Leadership is a responsibility shared by all.
- ◆ Everyone has the potential to make positive changes in their attitudes, life skills, and conduct.
- ◆ Each of us should be accountable to ourselves and the public for the effective and efficient use of our time and all available resources to accomplish our mission.
- ◆ We must play an instrumental role in helping the community recognize its responsibility as a partner in achieving our mission.

### CONTINUOUS QUALITY IMPROVEMENT

It is the vision of NDCS to foster the Continuous Quality Improvement journey, thereby creating an environment that is system-centered, which:

- ◆ supports Agency values and mission;
- ◆ opens communication;
- ◆ removes barriers at all levels;
- ◆ creates cooperative partnerships, trust, and respect;
- ◆ fosters ownership, commitment; and
- ◆ recognizes the leader in all of us.

### CREDIBILITY

Proactively increase the Department's credibility and support both internally and externally.

### COMMUNITY CORRECTIONS

The Department of Correctional Services will promote community corrections and alternatives to incarceration. The Department of Correctional Services will seek partnership with the private sector to create a continuum of sanctions and program opportunities during and subsequent to incarceration to facilitate successful re-entry into society.

- ◆ Create a partnership with private sector – to create work programs and treatment opportunities during and subsequent to incarceration.
- ◆ DCS will promote community corrections and intermediate sanctions and alternatives to incarceration.

**CREDIBILITY**

We commit ourselves to furthering public trust and credibility

**SEAMLESS CRIMINAL JUSTICE SYSTEM**

We commit ourselves through collaboration with other entities to create a seamless criminal justice system within a restorative justice framework

**COMMUNITY AWARENESS AND INVOLVEMENT**

We commit ourselves to partnering with the community to encourage awareness and involvement toward the successful reintegration of offenders

**BEST PRACTICES**

We commit ourselves to identifying and implementing best practices

**FISCAL ACCOUNTABILITY**

We commit ourselves to fiscal accountability and cost efficient and effective operations

**OFFENDER ACCOUNTABILITY**

We commit ourselves to developing and maintaining environments in which offender accountability will flourish

**FAMILY INVOLVEMENT**

We commit ourselves to developing and fostering strategies that allow families an active role in the offenders' incarceration and reintegration

**COMMITMENT TO STAFF**

We commit ourselves to partnering with staff who strive to optimize their contribution to our mission and standards

**OFFENDER PROGRAMS**

We commit ourselves to creating and sustaining meaningful program opportunities for offenders

## **MISSION STATEMENT**

**The Mission of the Department of Correctional Services is to serve and protect the public by providing control, humane care, and program opportunities for those individuals placed in its custody and supervision, thereby facilitating their return to society as responsible persons.**

## **ADMINISTRATIVE SUPPORT**

**Legal**

**Legislative Liaison**

**Medical Administration**

**Planning, Research and Accreditation**

**Organizational Development / Staff Training**

**Cornhusker State Industries**

**Federal Surplus**

## **NDCS Administrative Support**

### **Legal Division George Green, General Counsel 402-479-5735**

The Legal Division supports all Department of Correctional Services programs and institutions by giving legal advice and representation regarding labor relations, inmate rights, contracts, legislative issues, Inmate grievances, transportation orders, or matters involving litigation and the Courts. Legal Division staff work with the Courts, the Nebraska Department of Justice, attorneys, arbitrators, State Senators, the State Claims Board, the Office of Public Counsel, other State Agency officials, and the general public.

The Legal Division provides these services

- Decides administrative appeals filed by inmates from Institutional Disciplinary Committee decisions
- Investigates inmate grievances appealed to the Director
- Represents the Department before the State Claims Board
- Represents the Department before the Nebraska Equal Opportunity Commission
- Reviews legislative issues
- Advises Department staff on legal matters
- Promulgates rules under the Administrative Procedures Act
- Facilitates representation of Department staff by the Attorney General
- Conducts involuntary medication and involuntary transfer hearings for inmates
- Represents the Department in grievances under the State Personnel Rules or Labor Agreement
- Prepares and files with the courts transcripts for appeals filed under the Administrative Procedures Act contesting decisions of the Appeals Board
- Responds to requests for inmate records maintained by the Nebraska Department of Correctional Services
- Reviews employee discipline recommendations and workplace harassment allegations

#### **FY2007 STATISTICS FROM THE LEGAL DIVISION**

\*1,139 inmate appeals of IDC decisions were heard by the Appeals Board - A total of 18 (1.55%) less than FY2006 -

\*32 APA's (litigation filed in District Court under the Administrative Procedures Act) were filed in District Courts-a total of 9 cases (21.95%) less than FY2006.

\*257 Tort Claims/Miscellaneous Claims filed by inmates or staff were processed— a total of 27 (10.50%) more than FY2006.

### **Legislative Liaison Connie Nemec 402-479-5713**

The Legislative Liaison serves as a point of contact between the Department of Correctional Services and the Governor's Policy Research Office and the Legislature. This position reports directly to the Director, also serving as an Administrative Assistant to the agency head. The Legislative Liaison is tasked with coordinating all aspects of the legislative process within the agency.

### **Medical Administration**

**Dr. Randy Kohl, Medical Director**

**Brian Marshall, Health Care Administrator**

**Cameron White, Behavioral Health Administrator**

### **MISSION**

The Health Services section of the NDCS provides humane, comprehensive, and integrated health care; including program opportunities consistent with the standards of quality and scope of services found in the community to promote the health and well being of those Individuals placed in our custody.

### **VISION**

The Health Services Department strives to continually improve the health of the individual placed in our custody by developing integrated delivery systems that efficiently provide a continuum of needed accessible and quality health services.

Health Services are provided at the Nebraska Department of Correctional Services (NDCS) facilities for all inmates under the jurisdiction of NDCS. The purpose of Health Services is to ensure that all inmates receive services designed to maintain good health.

This is accomplished by providing a wide range of health services. Due to the nature of the health care delivery system, medical staff provides inpatient and outpatient services through an integrated medical, mental health, psychiatry and substance abuse team approach. The NDCS has three hospitals located at the following institutions: Nebraska State Penitentiary – twelve (12) beds; Diagnostic and Evaluation Center – eight (8) beds and the Tecumseh State Correctional Institution (TSCI) – ten (10) beds. In addition, the NDCS has ten medical clinics located at the following institutions: Nebraska State Penitentiary (NSP), Diagnostic & Evaluation Center (DEC), Tecumseh State Correctional Institution (TSCI), Lincoln Correctional Center (LCC), Omaha Correctional Center (OCC), Community Correction Center-Omaha (CCC-O), Community Corrections Center-Lincoln (CCC-L), Nebraska Correctional Center for Women (NCCW), Nebraska Correctional Youth Facility (NCYF) and Work Ethic Camp (WEC). All hospital facilities are licensed by the Department of Health and Human Services and fully comply with all requirements imposed by that department.

### **SERVICES PROVIDED**

- Medical, nursing, mental health, substance abuse and psychiatric care
- All routine health care, including preventative services
- Inpatient primary and secondary care
- Chronic care clinics
- Specialty clinics
- Diagnostic radiology services
- Laboratory services
- Optometry services, including dispensing of eyewear
- Physical and speech therapy
- Audiology
- Patient education
- Medical records
- Dental services
- Dietary
- Pharmacy services
- Medical supply services

## NDCS Administrative Support

### SIGNIFICANT ISSUES

- Complete implementation of the Nebraska Correctional Health Care Services Act (Legislative Bill 154)
- Unified mission/vision/values
- Revise present inmate intake and discharge health process
- Expand QA and peer review process
- Centralize pharmaceutical services
- Improve medication distribution process
- Develop electronic health records system
- Develop standardization of processes and procedures
- Achieve and maintain American Correctional Association (ACA) standards

### SUBSTANCE ABUSE TREATMENT SERVICES

A major goal of the Department of Correctional Services (DCS) is to provide a secure and safe environment that is consistent with the goals of the Substance Abuse Treatment Services and the Health Services Section. The DCS provides the following Levels of Care: Residential, Non-Residential, Assessment and Evaluation, and Emergency. Various services are available within each Level of Care and are provided by clinicians based upon the identified inmate needs.

The Residential Treatment Community (RTC) for male inmates, located at the Nebraska State Penitentiary, functions as one of four DCS long-term residential treatment programs for substance abusers and coordinates substance abuse treatment services for all inmates committed to DCS at the various facilities. The second long-term residential substance abuse treatment program for male inmates is located at the Omaha Correctional Center/Substance Abuse Unit (OCC/SAU). A third long-term residential substance abuse treatment program for males is at the Tecumseh State Correctional Institution/Substance Abuse Unit (TSCI/SAU). The fourth long-term residential substance abuse treatment program is for female inmates at the Nebraska Correctional Center for Women/Substance Abuse Unit (NCCW/SAU). Additional non-residential service levels for substance abuse treatment are located at all adult correctional facilities operated by the DCS, as well as at the Work Ethic Camp.

The residential substance abuse programs house 100 males at the RTC, 72 males at the OCC/SAU, 32 males at TSCI/SAU, and 28 females at the NCCW/SAU. Inmates assigned to the RTC, OCC/SAU, and NCCW/SAU are minimum custody, and generally within 1 - 2 years of parole eligibility or discharge. The inmates assigned to the TSCI/SAU are medium or maximum custody and generally have much longer sentences. The inmates assigned to the residential treatment programs have been identified as having a serious substance abuse problem in conjunction with criminal activity. These residential treatment programs each last approximately ten months and require participants to take responsibility for their actions; participate in all program components such as individual counseling, classes and groups; and accept the obligation to practice new attitudes, thoughts and behaviors. The residential treatment populations are comprised of groups of inmates having distinct qualities and backgrounds, who share joint ownership in environments designed to manifest changes in self-defeating behavior and the creation of healthy lifestyles.

The purpose of each of DCS's four residential treatment programs is to provide a healing environment to include the opportunity for incarcerated individuals who are substance abusers to engage in treatment which intervenes in the destructive thinking behavior and lifestyle associated with substance abuse and criminality. Programming is designed to provide a holistic treatment environment. This holistic treatment environment includes areas of group counseling, individual counseling, substance abuse education, cognitive-behavioral classes, recovery and relapse prevention classes, social responsibility, physical fitness, spirituality, health and work.

The structured programs allow for integration of learned concepts into applied behavior. Staff works together to assess progress, address behaviors, and encourage change. Considerable focus is maintained on how behavior impacts others, as will be the case in the community at large upon the inmate's release. Learning new skills, gaining information, remaining abstinent from mood altering chemicals, and emotional, spiritual and philosophical growth are important aspects of each program. The diversity and reality of the therapeutic approach combined with the acquisition of new information and skills will enable each inmate to think constructively, act responsibly and decrease negative consequences for self and others.

## **NDCS Administrative Support**

The Non-Residential services include Intensive Outpatient, Outpatient, Relapse Prevention, Aftercare, and Drug/Alcohol Education. Various programmatic offerings within each service level are determined by the need of the inmate population at each institutional site. They commonly deal with issues of substance abuse and criminality, as well as transition issues for those heading directly back to life in the community.

Assessment and Evaluation services begin at the DCS reception centers where professional substance abuse treatment clinicians determine the most appropriate levels of care for incoming inmates. Additionally, at each institution, evaluations are provided to inmates planning to participate in post-incarceration follow-up substance abuse treatment in the community. Emergency services are provided under the direction of physicians, generally within DCS hospitals.

### **PERFORMANCE AND EVALUATION MEASURES**

#### **Recidivism/New Felony Convictions (cumulative):**

Recidivism is tracked at the Department level and is not detailed by the institution. Recidivism is measured by criminal acts that result in conviction by a court when committed by inmates released from the Nebraska Prison System during a specified base time period who return to the Nebraska system within three years of their release date.

However, the Substance Abuse Treatment Services have tracked the number of program graduates since the opening of NCTC in September 1994, in all its residential and non-residential programs and compared the list with those who return to the DCS with new felony convictions. The cumulative new felony rate is 5.3% for all program graduates since 1994. Over 4000 inmates received primary treatment for substance abuse, in addition to drug/alcohol education since 1994. During each of the past two calendar years, approximately 35% of the DCS inmate population annually participated in substance abuse treatment.

#### **STAFF TRAINING**

All Substance Abuse Treatment staff are required by Title 209 to earn an average of 25 Continuing Education Units annually to maintain the state-required certification requirements. Additionally, all substance abuse staff must meet or exceed the training requirements listed in the American Correctional Association's Adult Correctional Institutions (ACI), 3<sup>rd</sup> and 4<sup>th</sup> Edition Standards.

### **INMATES IN INTERVENTION PROGRAMS**

Each of the inmates assigned to Residential substance abuse treatment programs in the DCS is required to participate in an individualized program developed from the following elements: Group Counseling, Individual Counseling, Substance Abuse Education, Recovery, Relapse Prevention Classes/Groups, Cognitive Restructuring Classes/Groups, Gender-Related Issues, Life Skills, Leisure Skills Classes, Physical Fitness and Health, Work, Self Help Groups, Relaxation Groups, Health Education, and ongoing programs from Metro Community College for Adult Basic Education (ABE), General Education Diploma (GED), English as a Second Language (ESL), Relationships, Parenting and Money Management.

Non-residential Substance Abuse participants have opportunities for Alcohol/Drug education, Recovery programs, Cognitive-Behavioral programming, Relapse Prevention, Aftercare, Transition planning, and Referral Services.

#### **MENTAL HEALTH**

The Mental Health Department provides not only Critical Incident Stress Management (CISM) for both staff and inmates, it also provides: crisis intervention, individual /group therapy, psychological evaluations, psychiatric consultations, and education to inmates throughout the Department of Correctional Services (DCS). In addition to these services, the Lincoln Correctional Center (LCC) houses modified therapeutic communities that treat the mentally ill, the socially and developmentally impaired, and sex offenders in intensive treatment and therapy. In accordance with DCS's Mission Statement, the Mental Health Department emphasizes education, training, and consultation among staff regarding mental health issues and inmate management.

#### **STAFF TRAINING**

Clinical psychologists and licensed mental health practitioners must maintain their licensure as required by the Health and Human Services System, and comply with Nebraska state law and ACA Mandatory Standards. Through training, clinical staff stay knowledgeable of developments or treatments in; sex offenders, criminality, mental illness, psychological evaluation, and other similar courses which benefits the inmates, the safety and security of the institutions, as well as the public, once an inmate leaves the institutional setting.

## **NDCS Administrative Support**

### **INMATES IN INTERVENTIVE PROGRAMS**

Department wide, the proportion of inmates receiving mental health services continues to be 36%. Psychiatric medications are prescribed for 21% of inmates . These percentages are significant, since inmates receive mental health services on a voluntary basis. The primary objective of the Mental Health Department is to provide excellent and effective mental health services to the inmate population, the goal being to assist them in changing their criminal thinking and behaviors. To achieve this goal, the Mental Health Department first identifies, then evaluates and attends to inmate needs using outpatient individual/group therapy, or, in more severe cases, intensive inpatient programs. Before an inmate is released from incarceration, the Mental Health Department reviews the progress in programming; inmates are often referred to community mental health, or private agencies to maintain a continuity of care. Inmates who are deemed dangerous to self and/or others, are referred to county attorneys for Mental Health Board commitment hearings. The Mental Health Department's second treatment goal is to help reduce inmate recidivism numbers thus increasing public safety, and giving the Nebraska Community effective, efficient, and quality mental health services for their tax dollars.

### **PLANNING, RESEARCH AND ACCREDITATION (PRA)**

**Steve King, Manager 402-479-5767**

The PRA manager provides guidelines, oversight, and structure for the planning process through-out the department to ensure consistency with vision points, key initiatives, core values and goals. He provides assistance, as needed, to institutional and program planning processes; and supervision and assistance in the following areas:

#### **RESEARCH**

Steve King 402-479-5767

PRA reviews all research designs and proposals, whether internal or external to the agency, to ensure compliance with the agency's goals and objectives, rules and regulations, and the maintenance of privacy rights for participants. A review of the purpose, hypothesis, methodology, and data requirement for all research proposals is conducted to assess the potential impact (benefits, security issues, cost, and staff resources). PRA works closely with universities, students, and independent researchers, to facilitate research within the Agency.

#### **ACCREDITATION**

Anne Locke 402-479-5810

The Department of Correctional Services has been involved in the Accreditation process since 1979. All of the Department state institutions, Central Office, Staff Training Academy and Adult Parole Administration are accredited. After initial accreditation, institutions and programs are audited every three years in an effort to maintain accreditation. Accreditation offers the opportunity to evaluate the Department's operations against national correctional standards, remedy deficiencies, and upgrade the quality of correctional programs and services. Benefits of the accreditation process include improved management and conditions of confinement. Accreditation also increases accountability and enhances public credibility for administrative and line staff. The process provides for a safer and more humane environment for personnel and offenders. This process has assisted the Department by establishing criteria for upgrading programs, personnel and physical plant on a continuing basis.

ACA is revising all existing standards to facilitate performance measures. The move towards performance measures requires a "fundamental shift in thinking" for the field of corrections. Instead of showing standard compliance through activities or practices, a specified condition will need to be measured and achieved. Performance based standards require corrections to embrace the concepts of Continuous Quality Improvement and challenge the traditional ways of thinking and operating.

## **NDCS Administrative Support**

### **PLANNING, RESEARCH AND ACCREDITATION (PRA) continued..**

Performance based standards will not only affirm that the Department is meeting its mission, but provide a measurement of its efforts. Operational effectiveness and efficiencies will be measured over a three-year accreditation/audit period. The measurements will enable the Department to benchmark services and improve the quality of life for staff, inmates and the public. During 2006 the Central Office and Staff Training completed their initial ACA Audits. Cornhusker State Industries will have its initial ACA audit in 2007. At this point, Nebraska will join only a handful of other agencies in the United States that have every facility and program accredited. Performance based standards will help the State meet the unique challenges facing corrections today.

#### **POLICY**

Anne Locke 402-479-5810

The department's Annual review of two hundred and fifteen (215) Administrative Regulations is coordinated through planning, Research and Accreditation (PRA). Policy Directives issued from the Director are tracked by PRA for incorporation into Administrative Regulation Policy. PRA maintains the Agency's Administrative Regulation history file and updates Administrative Regulations and Policy Directives on the intra-agency network and the NDCS official web site. In 2007, sixty-four Administrative Regulations were placed on the Corrections Website.

#### **ANNUAL REPORT AND STATISTICAL SUMMARY**

Anne Locke 402-479-5810 Becki Hickman 402-479-5760

Planning, Research and Accreditation is responsible for compilation and distribution of the Annual Report and Statistical Summary.

#### **APPLICATIONS DEVELOPMENT/STATISTICAL REPORTING**

Becki Hickman 402-479-5760 BJ Spring 402-479-5662

During fiscal year 2006, Planning & Research and DAS IMS converted 30 inmate information based databases to the Corrections Website, a web-based application, along with the conversion of 1200 reports to Siebel, a web-based report writer system. Applications such as Misconduct Reports, Visitors, Central Monitoring, Family, and Criminal History, to name a few, were moved from the VM mainframe system, which ceased to exist after June 30, 2006. There are currently 615 Siebel and Corrections Website users that access the Intranet 24 hours a day to enter data and run reports from their workstations throughout all of the Institutions, Parole Offices and Central Office.

#### **DRUG TESTING/CRIMINAL INFORMATION**

Jeff Peterson 402-479-5912

##### Drug Testing

The Department's Inmate Random Drug Testing Positive Rate decreased for FY2007. A total of 6071 Facility Random Drug Test were submitted with a positive rate of 1.27%. This compares with 1.76% for FY2006. NDCS continues to use all drug interdiction tools available to maintain a safe and drug free Department.

The department remains committed to a zero tolerance drug policy.

### PLANNING, RESEARCH AND ACCREDITATION (PRA) continued..

#### Criminal Information

In FY2004, the Nebraska Department of Correctional Services was chosen by the National Institute of Justice for a Data Mining Sharing Initiative Project. The goal was to assess, review analytical & presentation software, and review data mining capabilities of intelligence/information data would assist local and regional law enforcement.

Since then, we have taken various steps to share Intelligence/Information data with local, State, and Federal law enforcement entities. During FY2007, NDCS continued sharing Intelligence/Information data with these agencies to better serve the State of Nebraska. This is being done by Criminal Analyst working closely with the NDCS investigators, continued networking and communication with law enforcement agencies and the sharing of data through the NIJ Data Mining Sharing Initiative Project. NDCS will continue to provide NDCS Intelligence/Information to the users with the greatest need in a timely manner.

#### **Performance Based Measurement System**

BJ Spring 402-479-5662

The Department has joined the Association of State Correctional Administrators (ASCA) in supporting the Performance Based Measurement System (PBMS), which systematically collects, manages and shares data across jurisdictions, enabling administrators to identify strengths and weaknesses internally and in comparison with other correctional systems. It's purpose is to develop a consistent and meaningful correctional performance measures for adult prisons and community-based programs and to develop an automated system that would enable the collection, management, and sharing of that data – specifically in the areas of Public Safety, Institutional Safety, Mental Health and Substance Abuse, Justice, Academic Education, and Offender Profile/Contextual data.

In late 2005, NDCS joined a smaller but growing group of prisons that are currently inputting information into the system. In 2007, NDCS continues to redevelop our information gathering practices to incorporate current and future PBMS needs. In the near future, ASCA will add new Health Care measures to the PBMS.

## **Staff Training Academy (STA)**

**2320 N. 57th Street  
Lincoln, NE  
402-471-1781**

Training & Development Manager

### ORGANIZATIONAL DEVELOPMENT

Laura Farris , Organizational Development Manager 402-479-5660

The purpose of Organizational Development is to continue to facilitate a Total Quality approach of organizational transformation at the Nebraska Department of Correctional Services by evaluating current policy and practice.

DCS continues to work towards an agency-wide transformation in which we shift how we fundamentally think and work together. To date, several integrated initiatives have been designed and implemented to aid in this transformation.

Continuous Quality Improvement (CQI) CQI is a philosophy and strategy for continuously improving performance at every level of the organization and in all areas of responsibility. CQI is a total systems approach that promotes innovation, leadership, creativity and personal mastery. There are several active Quality Councils in the Department and training efforts are continuous. Courses offered include Quality Awareness, Teams, Tools, and Techniques, Meeting Facilitation, Systems and Dialogue, Advanced Dialogue, and Correctional Leadership

Diversity - This initiative was first identified in 1991 and established in 1992 and has involved extensive work including diversity training, a work environment survey, policy revisions, and awareness efforts. In addition, the Department recognized that its strength and its major resource in achieving goals and objectives is the agency's staff. Human relationships provide the cornerstone of all Departmental efforts. Work continues in recruiting, retaining, and training culturally and ethnically diverse staff.

Transformational Leadership - Beginning in 1994, the Department started putting senior leadership through required readings, discussions, and training. This effort was later extended to upper management and some middle management. Transformational Leadership theory and principles are built into the course curriculum taught at DCS.

### CSI Management Team

John McGovern	Administrator/General Manager
Steve Neff	Assistant Administrator
Jim Brebner	Assistant Administrator
Mike Martin	Budget Officer III
Jeremy Elder	Manufacturing Manager
Kate Severin	Sales & Marketing Manager
Jeff Houdek	Quality Assurance
Jim Oliver	Warehouse Manager/Inventory Control
Paul Norrid	ACA/HR/Safety Manager
Brad Frandsen	Federal Surplus Property Manager

### CSI MISSION STATEMENT

Cornhusker State Industries strives to be the government provider of choice by combining superior products with superb customer service, and to support public safety by developing positive skills and behaviors within our inmate employees, thereby facilitating their re-entry into society as responsible, marketable individuals.

### CSI—WE BUILD OPPORTUNITY

During FY2007, CSI achieved ACA accreditation, redesigned its' logo, motto, mission statement, showroom, and marketing materials; began work toward a fully integrated NIS Sales and Manufacturing implementation; neared completion of a 7000 square foot woodshop at the Tecumseh State Correctional Institution; increased laundry operation capacity by remodeling the laundry at the Nebraska State Penitentiary; added new and expanded existing PIECP operations; and employed 550 inmates within traditional shops and private venture operations resulting in over 690,752 hours of inmate labor. Private venture contributions returned to the community in the form of state and local taxes, victim reparations, inmate room and board, family support, and release savings topped \$432,000 in FY 2007. CSI also processed over 6.3 million pounds of laundry and drove more than 374,000 miles throughout the state making deliveries to customers.

## **NDCS Administrative Support**

As FY2008 unfolds, CSI will commence manufacturing at the new TSCI woodshop, continue implementation of the NIS Sales and Manufacturing module, and enter the design phase for new buildings potentially located in Tecumseh, York, and Omaha. We will continue to focus on improving and expanding our Braille transcription capacity (of which we are a leading program nationally); Print Shop capabilities; research and design initiatives for custom and stock furniture lines; continue customer-friendly improvements to the CSI website; expand the CAD capacity of our drafting locations; and market ourselves with confidence to the ever-expanding school and library segments of our customer base.

For more information about CSI's multiple product lines, programs, and history, please visit our showroom at 800 Pioneers Blvd, call us at 800-348-7537, or browse our website at [www.corrections.state.ne.us/csi](http://www.corrections.state.ne.us/csi).

**Federal Surplus Property**  
**Brad Frandsen, Manager**  
**402-471-2677**

Federal Surplus Property's (FSP) purpose is to screen, receive warehouse, refurnish and distribute surplus federal property to eligible state and local government subdivisions and certain non-profit education and health related institutions and agencies providing assistance to the homeless and needy. Service charges received from those eligible (designated as "donees") make the agency self-supporting through its revolving fund.

Federal Surplus Property (FSP) was also appointed by the Governor of the State of Nebraska to administer and coordinate the transfer of excess federal property to Law Enforcement Agencies within the State of Nebraska. Service charges received from the eligible Law Enforcement Agencies (designated as "LEA's") make the agency self-supporting through its revolving fund.

\*The agency's program is operated by DCS through Cornhusker State Industries (CSI).

## **ADMINISTRATIVE SERVICES**

**Safety and Sanitation**

**Grants**

## **NDCS Administrative Services**

### **ACCOMMODATIONS COORDINATOR**

**Elizabeth Stanosheck 402-479-5614**

The Nebraska Department of Correctional Services is committed to ensuring that compliance to all aspects of the Americans With Disabilities Act is met. The office of the ADA Coordinator responds to all requests for accommodation/s from DCS employees, inmates and the public. It is also responsible for the development, review and revision of Departmental policies and procedures to ensure compliance. This Division is responsible for the Return To Work policy which assists employees injured on or off the job, or who have an illness that affects their ability to perform their job, to return to work in a modified status.

### **FINANCE AND ACCOUNTING**

**Inga Hookstra, Controller 402-479-5756**

The Accounting Division has responsibility for all financial and inmate accounting functions for the Department of Correctional services. Additionally, the Accounting Division is responsible for establishing uniform accounting practices and procedures within the Department of Correctional Services consistent with state policy and practice, as well as generally accepted accounting principles. The Accounting Division is responsible for providing fiscal support to all programs and facilities within the Department.

Financial Accounting functions include both accounts payable and accounts receivable. This includes payments for all goods and services received by the Department regardless of funding source, including verification that all payments are appropriate through the pre-audit process. Accounts Receivable covers all billings both internal and external to state government, including Cornhusker State Industries, Federal Surplus Property, and county safekeepers. Reports from the Nebraska Information System are generated and made available to the various staff throughout the Department electronically.

Inmate Accounting provides for a system of accounting for all inmate funds through the Inmate Trust Fund and ledgers maintained in the Correctional Information and Tracking system. The functions include processing transactions related to the various accounts (institutional, confiscated, restitution, maintenance, suspense, savings, and legal) held by inmates and reporting necessary to inmates, courts, and other authorized entities. Inmate Accounting also receipts, tracks and reports on parole programming fees.

The Accounting Division is also responsible for all fiscal reporting on grants and preparing various financial statements, including canteens, Cornhusker State Industries, and Federal Surplus Property. Additionally, claims are audited and processed in accordance with the law for the County Jail Reimbursement aid program.

### **BUDGET**

**Kate Morris, Budget Management Analyst 402-479-5702**

The Budget Management Analyst is responsible for planning, organizing, monitoring and reporting the Department's fiscal allocations and fiscal reporting systems. She also analyzes, manages and reviews the preparation, documentation, implementation and control of program budgets including the biennium and deficit budget processes. Fiscal and accounting data are compiled for use in budget evaluation and adjustment, cost analysis, budget projections and reporting. The areas of responsibility also include the fiscal note process and supervision of the Central Office Business Manager.

## **NDCS Administrative Services**

### **ENGINEERING**

**Doug Hanson Facilities Engineering Manager 402-479-5742**

The engineering division provides the department with technical and facilities management assistance for construction projects of all sizes, from the preliminary planning stage to completion and readiness for occupancy. The engineering division is responsible for the development and implementation of the capital construction budget and deferred repair program for all state correctional facilities.

Facilities engineering works with the correctional administrators in the planning, design, construction and occupancy of new and remodeled facilities.

Engineering provides technical assistance for utility and energy contracts. The engineering staff provides guidance and technical assistance to the various facilities and programs to manage their maintenance programs. Engineering also oversees the maintenance and custodial program (maintenance section) for the central administrative buildings.

The engineering division also has oversight of the safety and sanitation section. The safety and sanitation section is responsible for addressing the safety functions of DCS, provides periodic inspections of all facilities, and provides assistance in the accreditation process. This section works closely with the state fire marshal's office and other regulatory agencies in the resolution of compliance issues involving all DCS facilities.

### **PROCUREMENT**

**Jan Lehmkuhl, Materiel Administrator 402-479-5714**

The Purchasing Section is responsible for procurement of all goods/services, inventory control processes, the operation of the DCS Central Warehouse, the operation of Staff Clothing-Issue, and the coordination of form usage within the Agency. The Materiel Administrator is responsible for the review, coordination and approval of all Purchasing functions of the Agency.

Purchasing actively pursues the acquisition of quality products and services at the most economical cost. This is done in part by assuring the accuracy of specifications, competitive bidding, quality control checks of deliverables, utilizing Department of Administrative Services (DAS) commodity contracts, coordinating shared contracts with other State agencies as appropriate, monitoring vendor and contractor performance and by utilizing Cornhusker State Industries as a preferred Agency source. DCS Purchasing staff is responsible for ensuring products and services are delivered timely and received as ordered. They interact with facility and program staff to assure end-user needs are being met, to address procurement and/or receiving issues and to coordinate completion of Agency service contracts.

Inventory responsibilities include the tracking of all Fixed Assets within the Nebraska Information System (NIS) and the formulation of standardized supply inventory practices throughout the Agency. Inventory actions involving DCS owned property is monitored and annual reports regarding DCS Fixed Assets are submitted to DAS as appropriate. The DCS Materiel Control Manager is responsible for coordinating the motor vehicle needs of all DCS facilities and programs. This includes monitoring vehicle mileage logs, coordinating movement of vehicles within the Agency, coordinating vehicle repairs, appropriate processing of accident reports and coordination of vehicle purchases/leases.

The DCS Central Warehouse services all Lincoln facilities. The operation has a dual purpose – to fill facility and program requisitions from stock for standard, frequently used products and to receive all deliveries from outside vendors for each of the DCS Lincoln locations.

All staff uniforms are issued and tracked through the centralized Clothing Issue operation. Clothing Issue is responsible for both the initial issue to new hires and replacements to existing staff.

## **HUMAN RESOURCES**

**Marian Layman, Human Resources and Development Administrator 402-479-5752**

The Human Resource Section is responsible for providing all aspects of human resources management for the Department of Correctional Services. For Fiscal Year 2007 this includes **2300** full time employees working in two hundred plus different job classifications. The Human Resources Section oversees administration of three different sets of employee work rules: two Labor Contracts; one with the Nebraska Association of Public Employees and the second with the State Code Teachers Association; and for all other employees the Nebraska Classified System Rules and Regulations.

The Human Resources Section also administers the following areas: labor relations, tuition assistance, recruitment and retention, conflict resolution, discipline, classification and compensation, employee assistance program, affirmative action, payroll and benefits, Agency Personnel Almanac, Human Resources Information System, Employee Physical Exam process, criminal records checks, pre-employment, random drug testing, and correctional officer testing.

## **NDCS Administrative Services**

### **SAFETY/SANITATION** **Steve Vodicka 402-479-5778**

This section is responsible to provide a secure and safe environment for both staff and inmates to realize individual potential.

The safety and sanitation functions are accomplished through inspections of all facilities on a periodic basis. The inspections are used to identify and assist in the correction of safety hazards and sanitation needs. Administrative Regulations are developed and revised in order to comply with American Correctional Association (ACA) standards and other state and federal statutes, codes and regulations, Occupational Safety and Health Administration (OSHA) regulations, the National Electrical Code (NEC), and National Fire Protection Association (NFPA) standards. The Safety Coordinator conducts quarterly OSHA training for employees, is a regular member of the DCS internal auditing team and has responsibility for the Department's asbestos abatement program and environmental monitoring program.

### **INFORMATION SYSTEMS** **George Wells, Information Systems Manager 402-479-5658**

The Information Systems (IS) Department is responsible for providing computer support to all DCS staff, Cornhusker State Industries (CSI), and the staff and members of the Nebraska State Board of Parole. Today, there are approximately 1300 computers and 64 servers dispersed to 20 different sites. Additional wiring is being completed to support the Tecumseh State Correctional Institution (TSCI) Tele-health video conferencing system; NIS Sales and Manufacturing modules within the CSI shops; on-line legal research by inmates; updated technology in the Braille, CAD, and Print shops; additional security and building automation systems; and increased staff email and Internet use.

The Information Systems Department provides administration and management of the NDCS network and provides assistance to all staff in the definition of technical requirements to meet the needs of new application software, systems, or changes in functional requirements. Installation and repair of computer systems and peripherals, as well as the ordering of replacement equipment and keeping current the inventory of computer assets are also the responsibility of the Information Systems Department.

### **GRANTS ADMINISTRATION** **Patricia Sattler, Federal Aid Administrator III 402-479-5544**

The Federal Aid Administrator III is responsible for coordinating and managing all aspects of the department's grant activities from federal, state, and other funding sources to support worthy and qualifying projects. She is also responsible for providing technical assistance to agency staff on all grant activities including preparation, application, monitoring, and reporting.

Additionally, the Grants Administration section is responsible for reviewing and responding to all sub-grantee applications and inquiries as well as conducting program audits to ensure activities are carried out in a responsible and consistent manner as per grant guidelines. This position works closely with the Accounting Division for fiscal monitoring and reporting on all grants.

#### SECURITY LEVELS

COMMUNITY A AND COMMUNITY B

The Department's community correction facilities in Lincoln and Omaha are designed to provide the initial step that many offenders take in returning to Nebraska's communities. This is accomplished through a graduated release and a systematic decrease in supervision and corresponding increase in responsibility. Inmates nearing release on parole or discharge from sentence are eligible through a classification system to be promoted to community custody status. Inmates on Community A are assigned to a detail within the facility, assignments within other state agencies, or work assignment in the community. Community A inmates are furnished clothes, room and board and a daily wage. Community B inmates participate in the work and education release program. Inmates on work release are employed in the community, receive competitive wages and pay applicable taxes. Inmates on educational release attend local vocational, technical, business colleges and universities. Community B inmates are responsible for their own clothing and personal items and pay room and board costs of \$10.00 per day.

**Programs:** Work detail, work release, educational release, furloughs, ABE/GED, and substance abuse programming; community activities passes (e.g. recreation, shopping, religious) and other programming (family counseling, mental health, AA/NA) may be arranged through community support programs and agencies.

Community Corrections Center-Lincoln is a Ventures In Partnership (VIP) participant with Roper Elementary School located a short distance northeast of the Corrections Center.

The Work Release Program has been a part of Nebraska Correctional Services since 1967

#### Security Levels

Community A and Community B

Ryan Mahr, Warden

The Community Corrections Center-Omaha houses inmates who are classified at Community A or B custody levels and are near the discharge of their sentence or pending a parole hearing. Inmates on Community A are assigned to work crews where they work under the supervision of a DCS/state employee. Work Detail crews may provide services that support the facility such as food preparation, housekeeping, and general ground and building maintenance. Other crews perform community service work like maintaining state and city parks, vehicles, roads, bridges and duties for other state facilities. Room, board, and clothing are provided. The inmate is paid a daily wage. All NDCS inmates are required to save 5% of their net earning in a release savings account.

Work Release (Community B) inmates are employed in the community and earn a competitive wage. All applicable taxes on wages are paid, in addition to paying \$10.00 per day room and board fee. Educational Release inmates attend local vocation/technical schools, community colleges and universities. They may elect to perform regular work duties or accept part-time employment to pay for their room and board.

**Programs:** Work detail, work release, educational release, furloughs, ABE/GED, and substance abuse programming; community activities passes (e.g. recreation, shopping, religious) and other programming (i.e. family counseling, mental health, AA/NA) may be arranged through community support programs and agencies. CCC-O (originally OCC-Work Release Unit) has been a part of Correctional Services since 1971. The current facility was constructed in July of 1985.

308-345-8405

The program is designed for first-time non violent  
male and female offenders

Security Levels

Community

Work Ethic Camp's program is based on a 120 to 180 day stay. The offender must be convicted as an adult of a felony offense. They will be sentenced to successfully complete the Work Ethic Camp as a condition of intensive supervision probation.

The Philosophy of the Work Ethic Camp is that behavior and attitude that reflect positive work ethics can be learned and transferred to all areas of an individuals life.

The Offender will perform on and off-site community service work. (for local and area government and non-profit entities). The offenders performance and behavior will be evaluated daily.

Programs including: GED/ABE, substance abuse, education and treatment, Life Skills, and cognitive restructuring are held 7 days a week. Because of the intense programming, for the first 30 days offenders are not allowed visits or phone calls. After 30 days visits and phone calls are limited. Offenders are allowed to possess very few personal items. Cash, televisions, caffeine and C.D. players are not allowed. ALL clothing and hygiene items will be provided. Following their stay at the WEC, the offender will be returned to their community, and probation supervision will continue by the probation staff.

## **NDCS Programs and Community Services**

**Adult Parole Administration**  
**P.O. Box 94661 Folsom and W. Prospector Place**  
**Lincoln, Nebraska 68509-4661**  
**James McKenzie, Parole Administrator**  
**Cathy Gibson-Beltz, Assistant Parole Administrator**

The Office of Adult Parole Administration was established by an act of legislation in 1969 as a program under the Department of Correctional Services. Adult Parole Administration provides supervision, guidance and assistance to offenders paroled by the Board of Parole as they re-enter the community after a period of incarceration. In 2003 LB 1199 provide that Adult Parole Administration would also provide lifetime supervision of high risk sex offenders released to the community. There are adult parole offices located in Omaha, Lincoln, Norfolk, Grand Island, North Platte and Scottsbluff to provide supervision and surveillance of parolees and sex offenders across the state. Adult parole officers work closely with local law enforcement, community service providers and members of the community to enable paroled offenders and high risk sex offenders to become law-abiding, productive members of society.

**Central Records**  
**Ron Riethmuller 402-479-5661**

Upon admission to the Nebraska Department of Corrections, the Records Office of the receiving facility (Diagnostic & Evaluation Center for men, the Nebraska Correctional Center for Women or the Nebraska Correctional youth facility)) creates an "institution" inmate file. This file is maintained on active status throughout the entire period of incarceration. Upon discharge, the file is transferred to the Central Records Office for permanent storage and microfilming in compliance with the Department's Records Retention Schedule.

Per Nebraska Revised Statute 83-178, the contents of the inmate file are confidential. However, limited information is a matter of public record and may be released to the public upon request. Public Information concerning inmates is also available through the Department's Web Site:

<http://www.corrections.state.ne.us/>

Along with the "institution" inmate file, a Central Office Inmate file is also created in accordance with Nebraska Revised Statute 83-1,100. This file is similar to the "institution" file maintained by the institution Records Office and is also confidential in accordance with the Statutes cited herein. The Board of Parole and its staff use this file to assist in carrying out the duties of that agency. The Central Office Departmental staff also uses this file to assist them in the routine decision making functions of those positions.

Along with the "hard copy" inmate file, an automated inmate record is maintained on a computerized Correctional Tracking System (CTS). The data maintained on this computerized system also falls under the guidelines of the confidentiality statutes cited above.

**Victim Assistance Program**  
**Stena Beltz, Victim Services Coordinator 402-479-5867**

The Victim Assistance Program is dedicated to providing support and information to Department employees assaulted by incarcerated or paroled offenders and to their family members. The Mission of the Nebraska Department of Correctional Services is to provide assistance to crime victims of DCS inmates and allow an avenue for victims to participate in department activities. Each institution/program has at least one designated Victim Assistance Representative to serve as a point of contact for all victims.

The Victim Assistance Program recently began instructing Victim Impact Classes for offenders at the Nebraska Correctional Youth Facility and the Omaha Correctional Center. The underlying goal of these classes is to help offenders develop empathy - making them more in tune to the humanistic harm caused when a crime is committed; thereby, reducing the likelihood of them committing future crimes inside and outside of the correctional facility. The heart of this program is having them listen and interact with victims who have been harmed by crime.

## NDCS Programs and Community Services

### Victim Assistance Program continued

Services provided include:

- Crisis intervention throughout the corrections process, including assisting victims with concerns related to inmates and parolees under Nebraska's jurisdiction;
- Community education about policies and procedures of the Nebraska Department of Correctional Services;
- Assistance preparing for parole hearings;
- Referrals to other state and local community services;
- Explanation and referral for restitution processing assistance; and
- Face-to-face meetings with the offender through Victim Offender Dialogue.

### PROGRAMS

Janee Pannkuk 402-479-5723

### EDUCATION

With the exception of the Nebraska Correctional Center for Women all educational programming is provided at all institutions through a single contractual service agreement with Metropolitan Community College (MCC). At the Nebraska Correctional Center for Women, Metropolitan Community College provides life skills programs while Department staff provide other educational programs. Instruction is made available to inmates at a time when the majority can take advantage of the programs and, whenever possible, are designed to allow inmates to enter at any time and to proceed at a self-paced rate.

Education services are typically delivered through a Learning Center which is staffed by a facilitator and instructional specialists. Educational staff work together as a team to provide an integrated program of educational offerings and services designed to provide individual inmates those specific educational opportunities most used and relevant to their futures. These options include assessment, literacy instruction, English as a Second Language (ESL), Adult Basic Education/General Education Development (ABE/GED) and life skills/pre-release courses. In addition to contractual services MCC continues to provide some academic courses through distance learning at no cost to the Department. Offerings are delivered in a variety of formats including traditional classroom lecture/discussion, individualized computer-assisted learning, tele-course instruction, and courses presented via live interactive distance learning television. The Test of Adult Basic Education (TABE) is used to test achievement levels of inmates upon entry into the ABE/GED program, enabling staff to provide appropriate placement, and periodically on an individual basis to assess progress.

In FY2007, 833 inmates were provided programming in ABE/ESL, 804 college credit classes for a total of 2,564 credit hours and 2,908 in life skills courses. In addition, there were 126 GED's earned.

### INTERSTATE CORRECTIONS COMPACT

Under the provisions of the Interstate Corrections Compact, the Nebraska Department of Correctional Services has entered into agreements with forty (40) other states.

This provides Nebraska inmates the opportunity to request to serve their Nebraska sentence in one of those states. Reciprocal inmates from other states may then be accepted in return.

Interstate transfers may be approved for a number of reasons, but are generally arranged to enable an inmate to be closer to family and maintain family ties. As of June 30, 2007, there were 23 Nebraska inmates serving their sentences in other states, and 22 inmates from other states serving their sentences in Nebraska.

### SELF-BETTERMENT GROUPS

Opportunities for self-betterment are available to inmates, but vary depending upon the institution. Clubs, support groups, and cultural awareness organizations include: Sertoma, Toastmasters, Stamp Club, Veterans, Alcoholics Anonymous, Narcotics Anonymous, 7<sup>th</sup> Step (a release preparation group), Harambee (African Americans), Mexican Awareness Through Association (MATA), and Native American Spiritual and Cultural Association (NASCA).

## **NDCS Programs and Community Services**

### **VOLUNTEER SERVICES**

Volunteers assist in providing a variety of services to inmates through clubs, education, religious activities, and self-betterment groups. Additionally, a large number of inmates' family members and friends offer their time sponsoring inmates on furloughs and passes into the community.

### **INMATE CLASSIFICATION**

Inmate classification is a system for identifying inmates' needs and characteristics, and matching them with the appropriate physical security, supervision and programming. This is an ongoing process utilizing all available information, and endeavoring to base decisions on objective criteria. The classification system seeks to: assign each inmate to the least restrictive environment appropriate to maintaining public confidence and safety; facilitate the timely movement of inmates through the correctional system; provide for the assignment, continuation, and removal of inmates from Administrative Segregation status; identify inmate needs and recommend program involvement to meet those needs; and assure the most difficult classification decisions are made at the highest level of authority within the Department.

### **LIBRARY SERVICES**

The Department of Corrections maintains eight correctional libraries, which includes the addition of the new law library at the Work Ethic Camp. Library services are available to all inmates and assist in meeting their educational, recreational and therapeutic needs. Inmates may request books and other resources from the interlibrary loan program. Additionally, computer reference centers are available as well as online or CD-Rom based legal resources. The Department of Corrections maintains eight correctional libraries, which includes the addition of the new law library at the Work Ethic Camp.

To ensure compliance, law library services provide inmate access to the courts. Services are available on a daily basis, including evenings and weekends.

**Inmate Transportation & Extradition  
Terry Ewing, Administrator 402-479-5705**

The Special Services Unit was established in 1983. At that time primary duties were to return Parole Absconders and Escapees to the institution. Over the years the duties have expanded to include Detainers, Warrants of Arrest, Prisoner Transportation, Inmate Calling System, Teletype Services, Acquisition of Security Equipment, Radio Communication Licensing, and administrative support for the Governor's Office in association with formal extradition proceedings.

### **TRANSPORTATION**

The Transportation Unit employs two Warrant and Extradition Officers who work closely with local, state and federal agencies. Their duties include the return of Escapees, Parole Absconders and Parole Violators, Interstate Transfers of Inmates, Institutional Transfers, Transporting Parolees for Revocation Hearings, Waivers of Extradition, and notification of inmate release dates to agencies who have lodged detainees.

In addition to the Department of Correctional Services duties, the Special Services Unit provides administrative support to the Governor's Office in reviewing and processing Governor's Warrants in the requisition of wanted fugitives.

### **DETAINERS/WARRANTS/TRIAL REQUESTS**

The Special Services Unit supervisor serves as the central administrator acting under the supervision of the department director in implementing the Interstate Agreement on Detainers (IAD). The IAD is a compact comprising of 48 states, the District of Columbia and the United States government. It provides for the administrative transfer of prisoners who are wanted by other states for trial on criminal charges. Within the State of Nebraska, the disposition of untried charges pending in county and local jurisdictions are handled according to procedures similar to those contained in the IAD. The purpose of the IAD and the intrastate Disposition of Untried Charges is to provide a process by which prisoners and prosecutors may initiate steps to resolve outstanding criminal charges upon which detainers are based. Provisions for speedy trials help to alleviate uncertainties that slow programming and rehabilitative opportunities for prisoners within the correctional system.

### Reentry Program

NDCS has applied for and received a grant of \$2,070,000 from the U.S. Department of Justice, Office of Justice Programs, to establish a Reentry Program that can be sustained and replicated throughout Nebraska after the grant expires December 31, 2007. The grant stipulates that a specific geographic location be identified in the state as the initial focal point for this initiative. The grant further stipulates that inmates participating be serious and violent offenders who are at high risk to recidivate and between the ages of 19 and 65 years. Utilizing a comprehensive form of case management, NDCS is focusing specifically on issues including substance abuse, mental health, housing, employment, education, mentoring, transportation, criminal thinking, and parenting/family reunification needs. We also partner with community-based service providers including the Health and Human Services System, the Department of Labor, Department of Housing and Urban Development, along with faith-based prison ministries and other social service entities. Successful reintegration of offenders back into society is our objective. NDCS believes that forging a partnership between the community and the correctional system will best serve the interest of all Nebraskans.

Currently, NDCS has served 36 high risk male and female inmates. Of those, seven have been violated while on parole.

#### INMATE RISK & NEEDS ASSESSMENTS

Currently the Nebraska Department of Correctional Services utilizes four Risk & Needs Assessment instruments.

<b>Institutional</b>	identifies appropriate inmates for the Reentry Program,
<b>Community</b>	provides information to the Parole Board for consideration prior to being placed on parole.
<b>Community re-assessments</b>	provides information to Adult Parole Administration while an inmate is participating on parole.
<b>Aggression / Vulnerable</b>	identifies inmates who may be a risk to other inmates or staff and those inmates who may be at risk from other inmates.

These assessment instruments are valuable in aiding staff in appropriate identification for program and parole participation, institutional security risk and discharge planning.

#### Security Levels

Maximum

**Mario Peart, Warden**

The Diagnostic and Evaluation Center was opened in August of 1979 as a 160-bed, maximum custody, reception, diagnostic, evaluation, assessment, classification and assignment facility.

The single structure, two-story institution consists of nine inmate housing units and an infirmary, which includes eight licensed hospital beds and a fully staffed initial admission clinic. Administrative offices and the infirmary are located on the upper level of the institution. All other inmate housing, programming areas, a gymnasium and custody and case management offices, are located on the lower level.

As provided by State Statute, all adult males sentenced to the Department of Correctional Services by the County and District courts of the State of Nebraska are received into the correctional system at the Diagnostic and Evaluation Center. In addition, the institution houses ninety-day evaluators sentenced by the court for assessment, county safekeepers, interstate transfers, returned parolees and escapees.

**Programs:** Due to the short length of stay at the institution, there are no industry programs and limited programming.

Each newly admitted inmate, following review of the admission order to ensure legal commitment, begins participation in an intensive medical, psychological and social assessment process. This process culminates in the finalization of an individual classification study and specific programming recommendations to the Classification Officer relative to custody status and institutional placement. Varied program services are offered and encouraged through recreation and library programs. The maintenance of family and community ties is encouraged through the visitation, mail and telephone programs. Religious programming is also available to the inmate population. Other opportunities including Alcoholics Anonymous, and a Pre-Release program are available for inmate participation. The Diagnostic and Evaluation Center has been a part of Nebraska Correctional Services since 1979.

For information about DEC, contact the Public Information Officer, Tammy Kluver @ 479-6343 or [tkluver@dcs.state.ne.us](mailto:tkluver@dcs.state.ne.us).

Security Levels

Maximum, Medium

The Nebraska Department of Correctional Services' Lincoln Correction Center, located in the capital city of Lincoln, is a medium/maximum security facility for adult male offenders. Originally opened as part of the adjacent maximum security Diagnostic and Evaluation center in 1979, the two units were separated into two distinct facilities in 1993. Due to their close proximity, the Diagnostic and Evaluation Center continues to provide after hours medical coverage for Lincoln Correction Center.

Lincoln Correction Center provides care, custody and programming services to a variety of primarily younger, first time inmates. Each housing unit is unique. One complete unit serves the socially and developmentally impaired inmates and contains an inpatient program for sex offenders. Two units are designed as segregation units. Three-quarters of one unit is designed to house inmates who have been classified to protective custody status. The remaining housing units house general population inmates. All inmates are provided the opportunity to become involved in academic programs. All general population inmates may participate in academic, institutional maintenance and work programs.

Structure, philosophy and dedicated personnel facilitate cooperation between security staff and other departments. The institution provides a unit management program approach that is responsive to the needs of the inmate population while maintaining a secure environment. Inmate supervision is a responsibility shared by staff at all levels in all departments.

John Dahm, Warden

The Nebraska Correctional Center for Women is the only secure state correctional institution for adult women. NCCW began operation in 1920 as the "State Reformatory for Women". The original facility consisted of a two-story house used as an inmate and staff residence. The institution was a working dairy farm. The current institution consists of 17 buildings on 27 acres of land secured by two security fences. A 12.5 million dollar addition to the facility was opened in October 2004. The original house, known as the Cottage is still being used today as a learning center for the Living Skills Program. NCCW is the Diagnostic and Evaluation center for all females committed to the State Department of Corrections.

**Parenting Program:** Started in 1974, the Parenting Program at NCCW was the first of its kind in the United States, allowing over-night visits for children.

In 1994, NCCW implemented another cutting edge mother/child program, a Nursery modeled after the Bedford Hills Correctional Center in New York, the Nursery Program allows mothers to keep their infant child with them on grounds for up to 18 months, with the goal of having mother and child leave together.

Both parenting programs include classes and workshops on parenting skills, prenatal care, child development, child health and safety, and improving relationships. Inmates who participate in the Parenting Programs must meet all NCCW eligibility requirements prior to visits or admittance into the Nursery Program.

**Programs:** In-Patient Substance Abuse Program, Out-Patient Substance Abuse, Outpatient Mental Health Programs, General Education (has a state accredited ABE program), and Prison Industries Employment, college level classes. The Nebraska Correctional Center for Women has been a part of Nebraska Correctional Services since 1920 beginning as the state Reformatory for Women.

The Nebraska Correctional Youth Facility (NCYF) came into existence in 1994 with Legislative Bill 988, which created the Office of Juvenile Services and established the requirement to plan for the construction of a Secure Youth Confinement Facility. Subsequently, the facility was transferred to the Nebraska Department of Correctional Services. The NCYF received its first inmates in August 1998. NCYF serves as the reception center for youthful male inmates who are 18 years of age and under with the Nebraska Department of Correctional Services. NCYF houses inmates from early adolescence to age 21 years 10 months. The inmates are introduced to NCYF through its Orientation Program. This 30-day program consists of a functional overview of each department prior to initial classification and appropriate placement to general population. Unit Management, Custody, Mental Health, Substance Abuse and Education focus on the team approach to coordinate programming at NCYF. NCYF inmates experience a highly structured facility that emphasizes the ability to transition back into society. Volunteers from the community provide invaluable support for continuation and expansion of the various programs at NCYF.

#### **Programs:**

ABE/GED/Basic Literacy; college courses; English as a Second Language; Pre-Release; Parenting Skills; Work Attitudes and Behaviors; Substance Abuse Treatment/ Out-Patient Programming to include Individual Counseling, Alcohol and Drug Education/ Prevention, 12-Step, and Relapse Prevention; Mental Health Programming for Socially and Developmentally Impaired Inmates, to include individual counseling services, group psychotherapy services, Anger Management, Victim Impact Class, Cognitive Thinking; and vocational programs such as Food Service, Project Greenthumb, and Project H.E.A.R.T. (Humane Education for At Risk Teens), a joint program between the Nebraska Correctional Youth Facility and the Nebraska Humane Society.

Maximum, Medium, Minimum

The Nebraska State Penitentiary located in Lincoln is the oldest state correctional facility in Nebraska, opening in 1869. Until after World War I, it was the only adult correctional facility in the state.

During 1980-1981, the existing cellblocks constructed during the second half of the 19th century were replaced by four (later five) modular housing units. A new administrative complex and an EPA approved multi-fuel power plant were also completed at the same time. An existing dormitory building constructed in the 1950's was retained as a medium security facility and a portion currently houses the Residential Treatment Community for substance abuse offenders. Two new 100 bed dormitory units were opened in 1998. A thirty-six-bed control unit also built in the 1950's continues in use as a high security segregation facility. The Industries Plant, Laundry and other support buildings were retained from the older facility as well.

The inmate population at the NSP typically consists of 21 years of age and older inmates serving medium to longer sentences.

The Nebraska State Penitentiary uses the Unit Management concept designed to improve control and staff/inmate relationships by dividing the larger institution population into smaller, more manageable groups and to improve and personalize the delivery of rehabilitative services.

**NSP is the site of major components of the Agency's Cornhusker State Industries (CSI) program.**

**Programs:** NSP offers a variety of education/rehabilitation programs designed to enhance an inmate's chances for successful community adjustment upon release. These include Educational/Life Skills and Vocational Programs, Self-Improvement (Residential and Outpatient Substance Abuse Treatment, Religious Programming and Self-Betterment Activities), and Support Services. The Nebraska State Penitentiary has been a part of Nebraska Correctional Services since 1869.

Fred Britten, Warden

The Tecumseh State Correctional Institution (TSCI) was established by LB 150 in 1997 and is the only Nebraska Maximum/Medium Custody, adult male facility in a rural setting.

All inmates at the Tecumseh State Correctional Institution are males adjudicated as adults and classified as medium or maximum custody. (Approximately 30 Minimum Custody inmates are housed at TSCI for outside grounds, administration building and warehouse jobs.) The institution has a design capacity for 960 inmates, which includes 768 general population beds and a 192-bed special management unit for Administrative Segregation, Disciplinary Segregation and Intensive Management inmates. Death Row inmates will be housed at TSCI but the death penalty will continue to be administered at the Nebraska State Penitentiary in Lincoln.

TSCI has been a part of Nebraska Correctional Services since 2000.

## **Programming and Services**

### **Provided by NDCS Facilities**

**Behavioral Health**

**Education**

**Health Services**

## **NDCS Institutional Programs and Services**

### **Mental Health Programming/Services**

NDCS is currently in the process of re-structuring the types of mental health services that are offered with an emphasis on providing a full range of services (from assessment to discharge planning) to inmates with major mental illness and providing specialized treatment for sex offenders and high-risk inmates. Two specialized units at the Lincoln Correctional Center provide services to the mentally ill inmates and sex offenders. Both of these programs are therapeutic communities. Mental health also offers programming to the segregation control units at NSP, LCC, and TSCI using behavior modification principles. Other services that are offered include crisis intervention, mental health monitoring, and criminal thinking treatment. Mental health also conducts psychological evaluations and provides psychiatric services. The expenditures for mental health programming in FY 2005-2006 were \$2,675,381.

#### **Substance Abuse Services**

NDCS provides for primary substance abuse services to the offender population. These include assessment/evaluation services, non-residential services, residential services and provide a substance abuse discharge summary for inmates who are paroling or discharging to a community agency for continued care. The Department maintains 234 residential treatment beds at 4 separate facilities. Inmates assigned to these programs have been identified as having serious substance abuse issues in conjunction with criminal activity. The programs generally last 10 months. Waiting lists for offenders who need this programming are generally prioritized in line with tentative release date or parole planning. The non-residential treatment component generally takes up to 6 months to complete. It is reserved for offenders who are otherwise not eligible for treatment in the residential programs. DCS maintains 625 available treatment slots throughout the agency. Due to a higher turnover of participants and less time to complete the programs, waiting lists are generally less problematic for non-residential treatment. The expenditures for substance abuse programming in FY 2005-2006 were \$1,986,005 (General Fund only). Mental Health programming is voluntary; inmates have the right to refuse mental health care.

#### **Residential Programs**

The Mental Health and Socially & Developmentally Impaired programs are combined in a structured therapeutic community designed to provide services to inmates with chronic mental health issues, developmental disabilities and/or social deficits, who may have demonstrated difficulty adjusting to incarceration. Program goals may include learning to understand and manage mental illness, criminal thinking/behavior, and improving coping and/or social skills, with the goal of integration into the general prison population.

The Sex Offender program provides intensive treatment to inmates who acknowledge their history of sexually assaultive behavior. Inmates are challenged to learn and understand their sexual assault cycle, control their assaultive behavior, learn the effect of their assaultive behavior on victims, develop victim empathy, and address other factors that have impacted their assaultive behavior.

#### **GOLF Program**

The GOLF treatment program encourages inmates to identify and change basic components of their antisocial thinking and behavior. The identification stage progresses to consideration of corrective strategies as inmates earn promotion through the four levels. Self-monitoring skills and intervention strategies are considered to be basic and "generic" to treatment of the various behavioral disorders. Groups in Levels I, II, and III each have twelve sessions; whereas level IV groups are ongoing and intended for inmates who continue to demonstrate a desire to learn and implement concepts of the program.

#### **Psychiatric Care / Psychological Evaluations**

All of the institutions are served by either the Staff Psychiatrist or a consulting psychiatrist who can prescribe and manage psychiatric medications. Information will automatically be forwarded to the Medical and Mental Health Departments for inmates who arrive at the institution on psychiatric medications and appointments will be scheduled. It is the inmate's responsibility to attend all psychiatric appointments, or medication may be discontinued. The OCC does not provide intensive psychiatric medication management, and inmates who require frequent psychiatric contact will be transferred from the respective institution. Psychological evaluations are not available upon inmate request, but are scheduled only upon appropriate Unit staff and/or Parole Board referral.

### Educational Programming

Educational programming offered to NDCS offenders includes English as a Second Language, Adult Basic Education/ General Equivalency Diploma, Nebraska cognitive thinking, work attitudes and behavior, parenting (toddlers & teens), Native American studies, pre-release, financial planning, economics, Relationships I, II, & III, and computer keyboarding. Although not State funded, there are some college credit classes offered via distance learning throughout all NDCS institutions. NDCS is able to meet the needs of all offenders seeking adult basic education and GED programming.

# NDCS Institutional Programs and Services

## Educational Programming

At the Nebraska Correctional Center for Youth (NCYF), youthful offenders adjudicated as adults are assigned to an educational program within 72 hours of reception. Waiting lists for offenders seeking ABE or GED programming are present at each institution. NDCS also experiences significant waiting lists for inmates seeking pre-release and cognitive thinking instruction. These waiting lists vary in length from 40 to 60 offenders at the other adult facilities (not including NCYF). The expenditures for education in FY 2005-2006 were \$1,411,208.

Metropolitan Community College offers educational programming at each correctional site based on the specific needs of the population and availability of space at that site.

The general rule for teacher/student ratio is one teacher for every fifteen students. The exception to that rule is NCYF, where the teacher/student ratio is one teacher for every ten students as requested by the administrative staff at that correctional site. Most sites offer Work Attitudes, Cognitive Thinking, Parenting, Life Skills, General Education, Adult Basic Education, and English as a second language. Most College class size is limited to five students per individual college class per site.

## Programs and Services Under Supervision of Deputy Director of Institutions

### **RELIGIOUS SERVICES**

Joe Baldassano 402-479-5730

The Department provides opportunities for inmates to practice their religious faith. Maintaining impartiality, consistency and equality for time, space, and resources among all recognized faith groups is a prime consideration. Each institution assigns a person to coordinate religious activities. Guidance for the implementation of the agency religious program is obtained through the Religion Study Committee (RSC). The assistant to the Deputy Director for institutions is the coordinator for the agency's religious program at the Central Office level, and co-chairs the Religion Study Committee. The Religion Study Committee membership is comprised of the facility religious coordinators and a legal Representative.

### **INTERPRETATION/TRANSLATION SERVICES**

Robert Madsen 402-471-2861

In 1998, LB 389 appropriated funding to the Department of Correctional Services for four full-time interpreters. Four Spanish and English speaking interpreters were hired to help facilitate oral and written interpretation and translation services to inmates, inmate families and the community regarding matters relative to the Department of Correctional Services. These staff are assigned by geographic area and travel to each DCS institution/program as needed. The Department's interpreters also make arrangements with community resources, for interpretation and translation services for languages other than Spanish and English.

### **EMERGENCY PREPAREDNESS**

Brad Hansen 402-479-5617

Emergency Preparedness is a comprehensive system that requires a continuous commitment to personnel and resources to ensure a systematic approach to responding to emergencies. Key to the success of the Emergency Preparedness Program are the full time staff at the Department level as well as the facility level that ensure the Department's readiness to respond through emergency policy, planning, training, check lists and exercises. Essential to the success of a response to a facility emergency are the specially trained teams. The teams consist of two Department wide teams—Special Operations Response Team (SORT) and the Crisis Negotiation Team (CNT) and the institutional based Correctional Emergency Response Team (CERT).

### **INVESTIGATIONS**

Brad Hansen 402-479-5617

The Department Investigation program is committed to the investigation and prosecution of all criminal activity by either staff or inmates. The Department has two full time investigators that are law enforcement certified and have the power to arrest and detain. The Department Investigators work closely with the facility staff in developing information and they also work closely with outside agencies, i.e., the Nebraska State Patrol, local law enforcement and County Attorneys.

### **DRUG INTERDICTION**

Brad Hansen 402-479-5617

The Department has a zero tolerance policy on the use of drugs by inmates and staff. The Drug Interdiction program works toward that goal by employing a multi-faceted approach. The program consists of information gathering and sharing, telephone monitoring, random and targeted urinalysis testing on staff and inmates, ION Mobility Spectrometry searches of visitors, staff and inmates, K-9 searches and the Drug Offender Classification Program. Note that the Planning and Research division keeps information and data regarding the Department's drug interdiction efforts. Additionally, that section coordinates with lab personnel and generates the lists of inmates to be tested. Please refer to the section in the Annual Report under Drug Testing/Drug Intelligence for further information.

## Programs and Services Under Supervision of Deputy Director of Institutions

### **LEISURE TIME ACTIVITIES**

Frank X. Hopkins 402-479-5733

Leisure time activities provide an avenue for self-development by inmates as well as helping create a humane environment. It allows inmates to pursue individual hobbies and develop individual talents. Each institution has qualified staff to supervise recreation activities. These include exercise, athletics, games, music, painting, writing, and handcrafts.

### **NDCS SECURITY MANUAL**

Helen M. Torres 402-479-5607

The Department's Security Manual contains procedures for institution security and control, with detailed instructions for implementing these procedures. The Department Security Administrators as well as the Department Emergency Management Supervisor, the Planning, Research and Accreditation Manager, the Deputy Directors and the Director review all Security Manual Chapters and Audit Instruments annually. The office of the Deputy Director – Institutions is responsible for updating and maintaining the Security Manual. Additionally, the office of the Deputy Director – Institutions works with the Security Administrators in reviewing the Department's policy directives in order to determine whether immediate revisions to the Security Manual are required. Security Audit Teams conduct security audits of each facility on an annual basis. Along with security audits, security procedure assessments are conducted at each NDCS facility three to four times per year. The office of the Deputy Director – Institutions is responsible for reviewing audit and procedure assessment reports and following up as necessary. Additionally, this office maintains records of security audits and procedure assessments conducted by the Department.

## **Statistical Summary**

\*Starting in fiscal year 2003, NE-DCS began using ASCA-defined measures to configure recidivism rate. The essential difference is that the recidivism rate now includes technical violators in addition to new crime commitments.

\*\*Prior to FY03, NE-DCS reported recidivism rate included only new crime commitments. However, for comparison purposes the FY01 and FY02 recidivism numbers have been re-configured using ASCA-defined measures. All recidivists were committed for new crimes or for technical violations within 3 years of their release date.
